19 Department's expressed approval. In the case of foreign governments and foreign commercial
20 entities, the Department's approval will be subject to the concurrence of the Department of State.

21 "(e) PROHIBITION CONCERNING INTELLIGENCE ASSETS OR DATA.—Nothing in this
22 section shall be deemed to authorize the provision of services or information concerning, or
23 derived from, United States intelligence assets or data."

(b) CLERICAL AMENDMENT.—The table of sections at the beginning of such chapter is amended by adding at the end the following new item:

"2283. Space surveillance network."

SEC. 912. COMMERCIAL SPACE COMPETITIVENESS AND CONTRIBUTIONS OF FUNDS AND SERVICES FROM NON-FEDERAL AGENCIES.

(a) NON-FEDERAL INVESTMENTS.—Section 501 of the National Aeronautics and Space Administration Authorization Act for Fiscal Year 1993 (Public Law 102-588; 106 Stat. 5122; 15 U.S.C. 5801), is amended by adding at the end the following new paragraph:

"(11) The provision of non-federal sources of investment to finance improvements and additions to U.S. space launch infrastructure can strengthen and expand or otherwise enhance the United States commercial space transportation industry."

(b) DEFINITION OF NON-FEDERAL.—Section 502 of such Act (15 U.S.C. 5802), is amended by adding at the end the following new paragraph:

"(15) 'non-federal' means private sector entities, state government entities and local government entities."

(c) NON-FEDERAL INVESTMENT IN RANGE INFRASTRUCTURE.—Title V of such Act (Public Law 102-588; 106 Stat. 5129; 15 U.S.C. 5808), is amended by adding at the end the following new section:

"SEC. 511. NON-FEDERAL INVESTMENT IN RANGE INFRASTRUCTURE.

"(a) ACCEPTANCE OF FUNDS.—The head of an executive agency providing launch property or launch services pursuant to chapter 701 of title 49 may accept funds or other property or assistance from non-federal entities for improvements and additions or modernization of space launch infrastructure or services, if the improvements and additions or

1 modernization contribute to the strengthening and expansion of or will otherwise enhance the
2 United States commercial space transportation industry. Notwithstanding section 1342 of title
3 31, the head of an agency may also accept, subject to regulations issued by the head of an
4 agency, voluntary service for the United States if the service—

5 "(1) is to be performed by a non-federal entity as part of an agency program
6 established for the purpose of providing improvements and additions or modernization of
7 space launch infrastructure;

8 "(2) is to be uncompensated; and

9 "(3) is not to be used to displace any employee.

10 "(b) USE OF FUNDS.—The head of an executive agency may agree to receive funds or
11 launch or reentry property from non-federal entities and may agree to use those funds or property
12 to develop, purchase, sustain, improve, and/or integrate specified launch or reentry facilities or
13 property in a manner that will enhance the use of such facilities for commercial launch or reentry
14 operations.

15 "(c) AGREEMENT TERMS AND CONDITIONS.— The head of the executive agency may
16 include the following terms in the agreements described in subsection (b):

17 "(1) The amount and terms of any payment the non-federal entity shall provide to
18 the executive agency, and description of any property or services;

19 "(2) An allocation of responsibility for future operation, maintenance,
20 sustainment, integration, and development of any property; and

21 "(3) Such other terms and conditions as may be agreed between the head of the
22 executive agency and the non-federal entity.

23 "(d) COLLECTION BY THE EXECUTIVE AGENCY.— The head of the executive agency may

1 accept payments under this section pursuant to the terms and conditions of any agreement as
2 described under this section. Amounts received under this subsection shall be credited to
3 appropriations of the agency available for these purposes and shall be available for obligation
4 until expended."

5 (d) TITLE 49 DEFINITIONS.—Section 70102 of title 49, United States Code, is amended by
6 adding at the end the following new subsections:

7 "(18) 'direct costs' means the actual costs that—

8 "(A) can be associated unambiguously with a commercial launch or reentry effort;

9 and

10 "(B) the Government would not incur if there were no commercial launch or
11 reentry effort.

12 "(19) 'non-federal' means private sector entities, state governmental entities and local
13 governmental entities."

14 (e) PROVISION OF LAUNCH AND REENTRY SERVICES.—Section 70103 of such title is
15 amended by adding the following sentence at the end of subsection (c):

16 "To assist the Secretary in carrying out this chapter, Federal agencies, including the
17 National Aeronautics and Space Administration and the Department of Defense, shall provide
18 launch and reentry services and launch and reentry property and other support to commercial
19 space launch and reentry activities consistent with public health and safety, national security,
20 international treaty obligations, and the missions of those Federal Agencies."

21 (f) CHANGE TO GENERAL REQUIREMENTS AND CONSIDERATIONS.—Section 70111 of such
22 title is amended to read as follows:

23 "(a) GENERAL REQUIREMENTS AND CONSIDERATIONS.—(1) The Secretary of

1 Transportation shall facilitate and encourage the acquisition by the private sector and State
2 governments of United States Government launch and reentry property or launch and reentry
3 services, including utilities, on a reimbursable basis when—

4 "(A) the property or services will be used to support United States and local
5 commercial space activities;

6 "(B) such use can be supported by existing or planned Federal resources;

7 "(C) such use is not inconsistent with Federal activities;

8 "(D) equivalent commercial property or services are not available on reasonable
9 terms; and

10 "(E) such use is consistent with public health and safety, safety of property,
11 national security, foreign policy interests, and international treaty obligations. In carrying
12 out this paragraph, the head of the agency providing the property or services shall consult
13 with other appropriate Federal officials.

14 "(2) Federal agencies, including the National Aeronautics and Space Administration and
15 the Department of Defense, may allow non-federal entities to acquire or use such launch or
16 reentry property or launch or reentry services in accordance with paragraph (1).

17 "(b) PRICE.—(1) In consultation with the Secretary, the head of the executive agency
18 providing the property or service under subsection (a) shall establish the price for the property or
19 service. The price for—

20 "(A) acquiring launch property by sale or transaction instead of sale is the fair
21 market value;

22 "(B) acquiring launch property (except by sale or transaction instead of sale) is
23 an amount equal to the direct costs, including specific wear and tear and property

1 damage, that the Government incurred because of acquisition of the property; and

2 "(C) launch services or reentry services is an amount equal to the direct costs,
3 including the basic pay of Government civilian and contractor personnel, that the
4 Government incurred because of acquisition of the services.

5 "(2) The Secretary shall ensure the establishment of uniform guidelines for, and
6 consistent implementation of, this section by all Federal agencies.

7 "(c) NON-FEDERAL ENTITY ACCESS.—Subject to satisfying the requirements in
8 subsection (a) and consistent with the needs of national defense, non-federal entities shall be
9 granted access to United States Government launch and reentry property, launch and reentry
10 services, including utilities, and launch and reentry scheduling opportunities.

11 "(d) COLLECTION BY SECRETARY.— The Secretary may collect a payment under this
12 section with the consent of the head of the executive agency establishing the
13 price. Amounts collected under this subsection shall be credited to the appropriation from which
14 the cost of providing the property or service was paid, and shall be available for obligation for
15 the same period and other purposes as the appropriation in which credited.

16 "(e) COLLECTION BY OTHER GOVERNMENTAL HEADS.— The head of a department,
17 agency, or instrumentality of the Government may collect a payment for an activity involved in
18 producing a launch vehicle or reentry vehicle, or the payload of either, for launch or reentry if
19 the activity was agreed to by the owner or manufacturer of the launch vehicle, reentry vehicle, or
20 payload. Amounts collected under this subsection shall be credited to the appropriation from
21 which the cost of providing the property or services was paid, and shall be available for
22 obligation for the same period and purposes as the appropriation in which credited."

Subtitle C—Reports

SEC. 921. REPEAL OF VARIOUS REPORTS REQUIRED OF THE DEPARTMENT OF DEFENSE.

The Department of Defense seeks to repeal various recurring reports required by the Congress. This proposal would allow the Department to employ its finite resources more efficiently, particularly during this time of war, and would improve Congress's ability to conduct effective oversight by focusing that effort on reports of substantial importance and utility.

To facilitate review, this proposal lists each report that the Department seeks to repeal by the order it appears in title 10 of the United States Code. Subsection (a) provides the specific reference to title 10. The Section-by-Section Analysis appears immediately following each amended section and indicates the title of each report or reports, the stated purpose of the report, and the Department's rationale for seeking repeal.

(a) PROVISIONS OF TITLE 10.—Title 10, United States Code, is amended—

(1) in section 113—

(A) by striking subsection (j);

(B) by striking subsection (m); and

(C) by redesignating subsections (k) and (l) as (j) and (k), respectively;

Section-by-Section Analysis

Report Title: **Report on the Cost of Stationing United States Armed Forces Outside the United States**

Report Purpose: The provision in subsection (j) requires the Secretary of Defense, in consultation with the Secretary of Commerce, to provide Congress, no later than April 8 of each year, with a report on the cost of stationing United States armed forces outside of the United States. The report requires a detailed accounting of the costs incurred in the U.S. for such stationing, the costs incurred outside the U.S. for such stationing, and the effect of such expenditures outside the U.S. on the current U.S. balance of payments.

Reason the Report Should be Repealed: The report provides information of limited utility at extraordinary cost to DoD in terms of human resources. The General Accounting Office requested the information in this report only once for a specific study. The Congressional Budget Office no longer requests the information. Instead of an annual, recurring report, DoD would prefer to provide Congress with more relevant information in response to specific

requests.

Report Title: Information to Accompany Funding Request for Contingency Operation

Report Purpose: The provision in subsection (m) requires the Secretary of Defense to provide Congress with a report on the objectives of each contingency operation involving a Presidential request for appropriations to support any deployment of 500 or more members of the armed forces. The report must include a discussion on the date or set of conditions the President identifies as defining the end of the mission.

Reason the Report Should be Repealed: This report is redundant. Requests for appropriations by the Department of Defense would include all relevant information regarding any new contingency operations.

1 (2) in section 116—

2 (A) by repealing this entire section in chapter 2; and

3 (B) by amending the table of sections at the beginning of such chapter 2

4 by striking the item relating to section 116;

Section-by-Section Analysis

Report Title: Annual Operations and Maintenance Budget

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a report, no later than February 15 of each year, on the operations and maintenance of the armed forces. The report requires detailed information on numerous subjects, including the number of flying hours for military aircraft, training days for combat-arms units in the Army and Marine Corps, major repair work on Navy ships, and major vehicle overhauls. The report also requires DoD to make recommendations relating to the operations and maintenance budget for the upcoming fiscal year.

Reason the Report Should be Repealed: This report is redundant. DoD already provides the requested information in the Operation and Maintenance OP-5 Budget Exhibit.

1 (3) in section 117—

2 (A) by striking subsection (e); and

3 (B) by redesignating subsection (f) as subsection (e);

Section-by-Section Analysis

Report Title: Joint Readiness Reviews

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a monthly report containing the results of the most recent joint readiness review, including the current information derived from the readiness reporting system.

Reason the Report Should be Repealed: This report is obsolete. DoD would prefer to eliminate the existing inefficient monthly report in favor of more timely, constantly-updated information delivered to interested members of Congress through a classified DoD internet site dedicated to readiness issues.

1 (4) in section 127—

2 (A) by striking subsection (d);

Section-by-Section Analysis

Report Title: Emergency and Extraordinary Expenses

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a quarterly report on any funds spent pursuant to subsections (a) and (b) of Section 127, which authorize the expenditure of funds on an emergency or extraordinary basis.

Reason the Report Should be Repealed: This report is unnecessary. Congress already sets the annual limit for DoD emergency and extraordinary expenses in the annual DoD appropriations bill, so there is very little utility in tracking these items on a quarterly basis. Large expenditures (more than \$500,000) would remain reportable pursuant to Section 127(c) of Title 10.

1 (5) in section 127a—

2 (A) by striking subparagraph (a)(3);

3 (B) by redesignating subparagraph (a)(4) as subparagraph (a)(3);

4 (C) by striking subsection (d); and

5 (D) by redesignating subsections (e) through (i) as subsections (d) through

6 (h), respectively;

Section-by-Section Analysis

Report Title: Report of Designation of an Operation as a Contingency Operation

Report Purpose: The provision in subsection (a)(3) requires the Secretary of Defense to provide Congress with a report whenever DoD changes a routine operation, such as a normal training exercise, into a contingency operation.

Reason the Report Should be Repealed: This report is redundant. DoD already provides such information to Congress whenever it requests funds to support a contingency operation.

Report Title: **Report Upon Designation of an Operation for Which Funds Are Not Provided in Advance: Funding Mechanisms**

Report Purpose: The provision in subsection (d) requires the Secretary of Defense to provide Congress with a burdensome report regarding contingency operations that sets forth: (1) the manner by which DoD proposes to obtain funds for the cost to the United States of the operation; (2) a justification why the budgetary resources of another department or agency of the Federal government, instead of DoD resources, are not being used; (3) the objectives of the operation; (4) the estimated duration of the operation; (5) the estimated incremental cost of the operation to the U.S.; and (6) the exit criteria for the operation. The report is due within 45 days after the Secretary of Defense identifies an operation pursuant to subsection (a)(2) of Section 127.

Reason the Report Should be Repealed: This report is redundant. DoD already provides appropriate and relevant information to Congress whenever it requests funds to support a contingency operation.

1 (6) in section 129—

2 (A) by striking subsection (f);

Section-by-Section Analysis

Report Title: **Prohibition of Certain Civilian Personnel Management Constraints**

Report Purpose: This provision requires the Secretary of each military department and the head of each defense agency to provide Congress with a report, no later than February 1 of each year, describing how these officials manage the civilian workforce under their jurisdiction. The report also requires these officials to certify that the civilian workforce is not subject to any constraint or limitation in terms of man years, end strength, full-time equivalent positions, or maximum number of employees during the 12 months preceding the date on which the report is due.

Reason the Report Should be Repealed: This report is overly burdensome and unnecessary. The Secretaries of the military departments and the heads of the defense agencies manage according to a working capital fund concept where workforce levels are contingent upon workload. They do not manage on the basis of civilian end strength constraints, so the

information requested by Congress serves no discernable purpose.

1 (7) in section 153—

2 (A) by striking subsection (d);

Section-by-Section Analysis

Report Title: Annual Report on Combatant Command Activities

Report Purpose: The provision requires the Chairman of the Joint Chiefs of Staff to provide Congress with a report, no later than August 15 of each year, on the requirements of the combatant commands. The report requires discussion of the following: (a) a consolidation of the integrated priority lists of requirements of the combatant commands; (b) the Chairman's views on the consolidated lists; (c) a description of the funding proposed in the President's budget for the next fiscal year, and for the subsequent fiscal years covered by the most recent future-years defense program, to address each deficiency in readiness identified during the joint readiness review conducted under section 117 of title 10, United States Code, for the first quarter of the current fiscal year.

Reason the Report Should be Repealed: The report is overly burdensome and seeks pre-decisional information of extremely limited utility. The President's budget sets forth the requirements of the combatant commands.

1 (8) in section 184—

2 (A) by amending subsection (a) to read as follows:

3 "(a) AUTHORITY TO ESTABLISH REGIONAL CENTER FOR SECURITY STUDIES.—The
4 Secretary of Defense may establish such regional centers for security studies as he deems
5 necessary and appropriate.";

6 (B) by striking subsection (b); and

7 (C) by redesignating subsection (c) as subsection (b);

Section-by-Section Analysis

**Report Title: Advance Notification to Congress of the Establishment of New
Regional Centers for Security Studies**

Report Purpose: The provision in subsection (a) requires the Secretary of Defense to provide Congress prior notification of his intent to establish a regional center for security studies.

The notification must include a description of the mission and functions of the proposed center and an appropriate justification.

Reason the Report Should be Repealed: This report is redundant. DoD already provides such information to Congress through other means.

Report Title: **Operation of DoD Regional Centers for Security Studies**

Report Purpose: The provision in subsection (b) requires the Secretary of Defense to provide Congress with a report, no later than February 1 of each year, on the operation of DoD regional centers for security studies during the preceding fiscal year.

Reason the Report Should be Repealed: This report is overly burdensome and the information provided is of limited value. Since most Regional Centers issue periodic public reports on their activities, Congressional members and their staff could be added to the distribution list, or DoD would provide Congress with more relevant information in response to specific requests.

- 1 (9) in section 226,
- 2 (A) by repealing this entire section in chapter 9; and
- 3 (B) by amending the table of sections for such chapter by striking the
- 4 items relating to section 226;

Section-by-Section Analysis

Report Title: **Scoring of Outlays**

Report Purpose: This provision requires the Director of the Office of Management and Budget (OMB) and the Director of the Congressional Budget Office (CBO) to provide Congress with a joint report, no later than December 15 of each year, containing an agreed resolution of all differences between the technical assumptions used by OMB and CBO in preparing the estimates with respect to all accounts in function 050 (national defense) for the budget to be submitted to Congress in the following year. If the two Directors are unable to agree upon any technical assumption, the report reflects the use of averages of the relevant account rates used by the two offices.

Reason the Report Should be Repealed: This report is unnecessary because it largely duplicates information already provided in the President's Budget. OMB and CBO already work together to achieve common outlay estimates. Further, the report provides information of extremely limited utility in that it seeks decisions on final budget estimates that are not complete on December 15, the report due date.

1 (10) for section 228—

2 (A) by repealing this entire section in chapter 9; and

3 (B) by amending the table of sections at the beginning of such chapter by

4 striking the items relating to section 228;

Section-by-Section Analysis

Report Title: Monthly Reports on Allocation of Funds Within O&M Budget Sub-Activities

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a monthly report on the allocation of appropriations to Operation and Maintenance (O&M) budget activities and the sub-activities of those budget activities. Each report must be submitted no later than 60 days after the end of the month to which the report pertains, and must set forth the following for each sub-activity of the O&M budget activities: (1) the amount of budget authority appropriated for that sub-activity in the most recent regular DoD appropriations act; (2) the amount of budget authority actually made available for that sub-activity, taking into consideration supplemental appropriations, rescissions, and other adjustments required by law or made pursuant to law; and (3) the amount programmed to be expended from such sub-activity.

Reason the Report Should be Repealed: The report is overly burdensome and redundant. DoD already provides such information to Congress through other reports, such as the rebaseline report, which provides the execution track requested by the Congress; the DD 1415 reprogramming request, which provides detailed movement of funds prior to execution; and the DD 1002 execution status report, which provides detailed execution on a monthly basis. DoD has tailored these reports to provide useful and meaningful data to Congress, eliminating the requirement for the additional report required by this section.

1 (11) in section 401—

2 (A) by striking subsection (d); and

3 (B) by redesignating subsection (e) as subsection (d);

Section-by-Section Analysis

Report Title: Humanitarian and Civic Assistance Provided in Conjunction with Military Operations

Report Purpose: This provision requires the Secretary of Defense to provide Congress, no later than March 1 of each year, a report on humanitarian and civic assistance activities carried out during the preceding fiscal year. The report requires the identities of the countries

involved, a description of the activities, and the amount expended on each such activity.

Reason the Report Should be Repealed: The report provides information of limited utility at extraordinary cost to DoD in terms of human resources. The Defense Security Cooperation Agency (DSCA) typically requires 48 workdays and \$38,400 to prepare the report, which appears to generate very little interest from Congress. During the last 5 years, DSCA has received only one question from Congressional staff relating to this report, a request for a brief on the DoD Health Affairs program. Instead of an annual, recurring report, DoD would prefer to provide Congress with more relevant information in response to specific requests.

1 (12) in section 437—

2 (A) by striking subsections (b) and (c);

3 (B) by redesignating subsection (d) as subsection (b);

Section-by-Section Analysis

Report Title: Establishment of Defense Intelligence Commercial Activities

Report Purpose: The provision in subsection (b) requires the Secretary of Defense to provide Congress with notification whenever DoD engages in commercial activities necessary to provide security for authorized intelligence collection activities abroad undertaken by DoD.

Reason the Report Should be Repealed: This report is obsolete. In the eleven years since Congress authorized DoD to conduct commercial activities in connection with intelligence activities, DoD has issued directives and developed well-established practices and internal oversight in this area that are fully consistent with Congressional intent.

Report Title: Annual Report on Defense Intelligence Commercial Activities

Report Purpose: The provision in subsection (c) requires the Secretary of Defense to provide Congress with an annual report on all commercial activities authorized that were undertaken during the previous year, including expenditures for such activities and actions taken with respect to audits conducted to implement recommendations or correct deficiencies identified in such audits.

Reason the Report Should be Repealed: This report is obsolete. In the eleven years since Congress authorized DoD to conduct commercial activities in connection with intelligence activities, DoD has issued directives and developed well-established practices and internal oversight in this area that are fully consistent with Congressional intent.

1 (13) in section 482—

2 (A) by repealing this entire section in chapter 23; and

1 (B) by amending the table of sections for such chapter by striking the
2 items relating to section 482;

Section-by-Section Analysis

Report Title: Personnel and Unit Readiness Quarterly Reports

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a report, no later than 45 days after the end of each calendar-year quarter, on military readiness.

Reason the Report Should be Repealed: This report is obsolete. DoD would prefer to eliminate the existing inefficient quarterly report in favor of more timely, constantly-updated information delivered to interested members of Congress through a classified DoD internet site dedicated to readiness issues.

1 (14) in section 483—

2 (A) by repealing this entire section in chapter 23; and

3 (B) by amending the table of sections for such chapter by striking the

4 items relating to section 483;

Section-by-Section Analysis

Report Title: Reports on Transfers from High-Priority Readiness Appropriations

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a report, not later than the date on which the President submits the budget for the fiscal year to Congress, on transfers during the preceding fiscal year from funds available for each covered budget activity. This section also requires the Secretary of Defense to provide Congress with a report, not later than June of each fiscal year, on transfers during the first six months of the fiscal year, from funds available for each covered budget activity.

Reason the Report Should be Repealed: The report is overly burdensome and redundant. DoD already provides such information to Congress through other reports, such as the rebaseline report, which provides the execution track requested by the Congress; the DD 1415 reprogramming request, which provides detailed movement of funds prior to execution; and the DD 1002 execution status report, which provides detailed execution on a monthly basis. DoD has tailored these reports to provide useful and meaningful data to Congress, eliminating the requirement for the additional report required by this section.

1 (15) in section 484—

1 (A) by repealing this entire section in chapter 23; and

2 (B) by amending the table of sections for such chapter by striking the

3 items relating to section 484;

Section-by-Section Analysis

Report Title: Annual Report on Aircraft Inventory

Report Purpose: This provision requires the Under Secretary of Defense (Comptroller) to provide Congress with an annual report on DoD's aircraft inventory. The report is required when the President submits the fiscal year budget to Congress. It must specify the inventory for the active and reserve components and categorize the aircraft in four major areas each with multiple subcategories.

Reason the Report Should be Repealed: This report is overly burdensome and unnecessary. Congress already has access to this data from multiple sources.

1 (16) in section 487—

2 (A) by repealing this entire section in chapter 23; and

3 (B) by amending the table of sections for such chapter by striking the

4 items relating to section 487;

Section-by-Section Analysis

Report Title: Unit Operations Tempo and Personnel Tempo: Annual Report

Report Purpose: This provision requires the Secretary of Defense to provide an annual report describing the operations tempo and personnel tempo of the armed forces.

Reason the Report Should be Repealed: This report is obsolete and overly burdensome. DoD has implemented a new, uniform approach to personnel tempo management. In addition, DoD would prefer to eliminate the existing inefficient report in favor of more timely, constantly-updated information delivered to interested members of Congress through a classified DoD internet site dedicated to readiness issues.

1 (17) in section 520c—

2 (A) by striking subsections (b) and (c); and

3 (B) by striking the designator and the catchline in the preceding matter;

1 (C) by amending the section title to read: "§ 520c. Provision of meals and
2 refreshments for recruiting purposes"; and

3 (D) by amending the table of sections at the beginning of chapter 31 by
4 replacing the item relating to section 520c with the following new item:

5 "520c. Provision of meals and refreshments for recruiting purposes.";

Report Title: Recruiting Functions – Use of Funds

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a report, not later than February 1 of each of the years 1998 through 2002, on the extent to which DoD used funds to pay for small meals and refreshments during recruitment functions.

Reason the Report Should be Repealed: This report is obsolete.

1 (18) in section 664—

2 (A) in subsection (i), clause (4)(F)(ii), by striking "and notifies Congress
3 upon each approval, providing the criteria that led to that approval";

Section-by-Section Analysis

Report Title: Joint Duty Credit Notification to Congress

Report Purpose: This provision requires the Secretary of Defense to report to Congress when he designates a specific temporary joint task force for joint-duty credit.

Reason the Report Should be Repealed: This report is redundant. DoD already provides Congress with the requested information in the DoD Annual Report.

1 (19) in section 983(e)(1)—

2 (A) by striking "and to Congress";

Section-by-Section Analysis

Report Title: Institutions of Higher Education That Prevent ROTC Access/Military Recruiting on Campus – Denial of Grants and Contracts

Report Purpose: This provision requires the Secretary of Defense to transmit separate notices to Congress and the Secretary of Education whenever he makes a determination to deny grants or contracts to institutions of higher education that prevent ROTC access or military recruiting on campus.

Reason the Report Should be Repealed: This report is unnecessary. Congress already requires DoD to provide such information to the Department and Education and to publish semi-annual reports in the Federal Register.

1 (20) in section 986—

2 (A) by striking subsection (e);

Section-by-Section Analysis

Report Title: **Security Clearances: Limitations**

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a report, not later than February 1 of each year, identifying every security clearance waiver granted during the preceding year, with an accompanying explanation supporting each individual waiver.

Reason the Report Should be Repealed: The report provides information of limited utility that does not warrant DoD's cost in terms of human resources. Instead of an annual, recurring report, DoD would prefer to provide Congress with more relevant information in response to specific requests.

1 (21) in section 1060—

2 (A) by striking subsection (d); and

3 (B) by redesignating subsections (e), through (g) as (d) through (f)

4 respectively;

Report Title: **Military Service of Retired Members With Newly Democratic Nations: Consent of Congress**

Report Purpose: This provision requires the Secretary of the military department concerned and the Secretary of State jointly to notify Congress whenever a retired military member accepts employment by the military forces of a newly democratized nation.

Reason the Report Should be Repealed: The report is unnecessary and overly

burdensome. DoD does not track the employment decisions of all military retirees and lacks the capability to gather the data requested. Because the situation that concerns Congress occurs so rarely, DoD would prefer to provide Congress with more relevant information in response to specific requests.

1 (22) in section 1130—

2 (A) by striking subsection (b); and

3 (B) by redesignating subsections (c) and (d) as subsections (b) and (c),

4 respectively;

Section-by-Section Analysis

Report Title: **Consideration of Proposals for Decorations Not Previously Submitted in Timely Fashion: Procedures for Review and Recommendation**

Report Purpose: This provision requires the Secretaries of the military departments to provide Congress with written notice upon authorizing an award or presentation of a decoration, either for an individual or a unit, that is not otherwise authorized due to limitations of law or policy.

Reason the Report Should be Repealed: The report is unnecessary. DoD already consults Congress regarding such matters, and would prefer to provide Congress with more relevant information in response to specific requests.

1 (23) in section 1557—

2 (A) by striking subsection (e); and

3 (B) by redesignating subsection (f) as subsection (e);

Report Title: **Timeliness Standards for Disposition of Applications Before Correction Boards**

Report Purpose: This provision requires the Secretaries of the military departments to provide Congress with a report, not later than June 1, whenever a Corrections Board fails to meet applicable timeliness standards. The report must specify the reasons why the timeliness standard could not be met, the corrective actions initiated to ensure compliance in the future, and the number of waivers granted during the fiscal year.

Reason the Report Should be Repealed: The report provides information of limited

utility at extraordinary cost to DoD in terms of human resources. DoD would prefer to provide Congress with more relevant information in response to specific requests.

1 (24) in section 1563—

Report Title: **Consideration of Proposals for Posthumous and Honorary Promotions and Appointments: Committee Report**

Report Purpose: This provision requires the Secretaries of the military departments, upon request of a Member of Congress, to review a proposal for the posthumous or honorary promotion or appointment of a member or former member of the armed forces, or any other person considered qualified, that is not otherwise authorized by law.

Reason the Report Should be Repealed: The report provides information of limited utility at extraordinary cost to DoD in terms of human resources. DoD must coordinate the efforts of personnel in five separate offices to prepare the report. Instead of this overly burdensome report, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: **Civilian Employment Master Plan: Including Exceptions to Guidelines for Reduction and Involuntary Reductions of Civilian Positions**

Report Purpose: This provision requires the Secretary of Defense to include a report on a civilian employment master plan for DoD as a whole and for each military department, defense agency, and other principal component of the Department of Defense, in conjunction with the fiscal year budget submission. The master plan must include a profile of the levels of civilian positions sufficient to establish and maintain a baseline for tracking annual accessions and losses of civilian positions and to provide for the analysis of trends in the levels of civilian positions.

Reason the Report Should be Repealed: This report is obsolete. Consistent with the

Government Performance and Results Act, the Federal government relies upon different information to assess the efficiency of civilian workforce plans. In addition, DoD already provides similar information in the fiscal year budget submission to Congress.

Payment of Incremental Expenses**

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a report, not later than March 1 of each year, identifying the developing countries for which the United States has paid incremental expenses, and the amounts of such expenses, during the preceding year.

Reason the Report Should be Repealed: The report provides information of limited utility at extraordinary cost to DoD in terms of human resources. Instead of an annual, recurring report, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: Special Operations Forces Training with Friendly Foreign Forces

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a report, not later than April of each year, regarding expenses incurred by DoD in training special operations forces preparing to work with armed forces and other security forces of friendly foreign countries.

Reason the Report Should be Repealed: This report is overly burdensome and the information provided is of limited value. DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: **Annual Report for Western Hemisphere Institute for Security Cooperation**

Report Purpose: This provision requires the Secretary of Defense, in consultation with Secretary of State, to provide Congress with a report, no later than March 15 of each year, on the activities of the institute during the preceding year.

Reason the Report Should be Repealed: This report is unnecessary. DoD would prefer to provide Congress with the annual report prepared by the institute's board of visitors for the Secretary of Defense, since that report already contains the same information requested by Congress.

Report Purpose: This provision requires the Secretary of Defense to notify Congress regarding the granting of a waiver of the conditions regarding a working capital funded industrial facility to sell articles to persons outside the Department of Defense, after the Secretary has made a determination that such waiver is necessary for reasons of national security.

Reason the Report Should be Repealed: The report provides information of limited utility at extraordinary cost to DoD in terms of human resources. Instead of an annual, recurring report, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a report, not later than 30 days after the date on which the fiscal year budget is submitted, indicating the results of a review of DoD services expected to be performed as contract services.

Reason the Report Should be Repealed: This report is redundant and provides information of limited utility. DoD already provides Congress more detailed data in its budget submission, specifically the PB-15 exhibit published in Vol. II of the Data Book. DoD also publishes similar data in the budget in the OP-32 and by object class.

Reason the Report Should be Repealed: The report provides information of limited utility at extraordinary cost to DoD in terms of human resources. Instead of multiple ad hoc reports, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: Quarterly Report on Defense Modernization Account

Report Purpose: This provision requires the Secretary of Defense to provide Congress

with a report, not later than 15 days after the end of each calendar quarter, on the Defense Modernization Account. The report includes: (a) the amount and source of each credit to the account during the quarter; (b) the amount and purpose of each transfer from the account during the quarter; and (c) the balance in the account at the end of the quarter and, of such balance, the amount attributable to transfers to the account from the Secretaries of the military departments.

Reason the Report Should be Repealed: The report provides information of limited utility at extraordinary cost to DoD in terms of human resources. Instead of a burdensome quarterly report, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a biennial plan, not later than September 30 of each even-numbered year, for the improvement of financial management within DoD, as part of the annual financial management improvement plan.

Reason the Report Should be Repealed: This report is redundant. DoD already provides Congress with such information through a variety of means including: the Chief Financial Officer's Act 5 Year Plan; the Remediation Plan developed for the Federal Financial Management Improvement Act of 1996; various testimony provided to assorted Congressional committees; and information provided independently to Congressional staff. In addition, DoD also provides OMB and GAO with updates on DoD's transformation efforts.

Waiver

Report Purpose: This provision requires the Secretaries of the military departments to notify Congress whenever they waive the standard regarding the required membership of aircraft accident investigation boards.

Reason the Report Should be Repealed: The report is obsolete. DoD is highly unlikely to make such a waiver request given that internal DoD regulations already require the majority of accident board members to be from outside the existing chain of command, a higher standard than the statute requires.

Report Title: **Biennial Report on Sustainment and Operation of GPS**

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a report, not later than 30 days after the end of each even-numbered fiscal year, on the Global Positioning System (GPS) to include discussion on the operational status of the system; the capability of the system to satisfy effectively (i) the military requirements for the system that are current as of the date of the report, and (ii) the performance requirements of the Federal Radionavigation Plan; the most recent determination by the President regarding continued use of the selective availability feature of the system and the expected date of any change or elimination of the use of that feature; the status of cooperative activities undertaken by the U.S. with the governments of other countries concerning the capability of the system or any augmentation of the system to satisfy civil, commercial, scientific, and military requirements, including a discussion of the status and results of activities undertaken under any regional international agreement; any progress made toward establishing GPS as an international standard for consistency of navigational service; any progress made toward protecting GPS from disruption and interference; and the effects of use of the system on national security, regional security, and the economic competitiveness of U.S. industry, including the GPS equipment and service industry and user industries .

Reason the Report Should be Repealed: The report is overly burdensome and provides information of limited utility. Every two years, DoD expends approximately 100 workdays and \$100,000 compiling the report. DoD is unaware of any specific Congressional inquiries arising from this report, and has not received any requests for additional information or briefings. Instead of this recurring report, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: **B-2 Bomber Aircraft**

Report Purpose: This provision requires the Secretary of Defense to provide Congress with an annual report on the B-2 bomber program, specifically identifying the average full-mission capable rate of B-2 aircraft for the previous fiscal year and determining whether the rate is adequate for accomplishing the B-2's missions. In addition, the report must include an assessment of B-2 technical capabilities and whether these capabilities are adequate for missions assigned to the aircraft; identification of all ongoing and planned aircraft capability enhancements; identification and assessment of additional capabilities that make the aircraft more survivable and effective against known and evolving threats; and provision of a fiscally phased program for new initiatives to include the President's current budget, the current DoD unfunded priority list, and the maximum executable funding for B-2 aircraft given the requirement to maintain sufficient operational ready aircraft for assigned missions.

Reason the Report Should be Repealed: This report is no longer necessary. The B-2 bomber has been operational for years and has demonstrated repeatedly its ability to accomplish assigned missions. The B-2 bomber was successfully used in combat as part of Operation Allied Force, and when combined with the Joint Direct Attack Munition, demonstrated the highest rate of target destruction of any aircraft/weapon combination. Although the mission capable rate has averaged slightly above 37% for FY 2000, the 509th Bomb Wing demonstrated the ability to surge during Allied Force. While flying 30-hour missions from Whiteman AFB, the B-2 mission capable rate averaged more than 50%, which exceeds Air Combat Command's standard. During peacetime operations, a B-2 that is not mission capable due to a low observable maintenance problem is fully capable of flying training sorties to maintain aircrew proficiency and readiness and therefore the low observable maintenance problem does not significantly affect the B-2's ability to perform assigned missions.

Report Title: Defense Acquisitions Specifically Authorized By Law

Report Purpose: The provision in subsection (i) requires the Secretary of Defense to certify to Congress, before DoD can enter into a multi-year contract, that the current Future-Years Defense Program fully funds the support costs associated with the multiyear program, and that the proposed multiyear contract provides for production at not less than minimum economic rates given the existing tooling and facilities.

Reason the Report Should be Repealed: This report is obsolete. DoD and Congress now work together to program support costs in years beyond the Future Years Defense Program, which has replaced the multiyear program.

Report Title: Multi-Year Procurement Contracts – Notice of Intent to Initiate

Report Purpose: The provision in subsection (l)(1) requires the head of an agency to notify Congress of certain proposed contracts at least 30 days in advance of the award of such proposed contracts.

Reason the Report Should be Repealed: The report is redundant. DoD already provides Congress with the same information pursuant to subsections (i)(3) and (l)(3) of this section. Specifically, proposed multiyear contracts described in subparagraph (B) employ economic order quantity (EOQ) procurement in excess of \$20 million in any one year of the contract; or include an unfunded contingent liability in excess of \$20 million or include advanced procurement leading to a multiyear contract that employs economic order quantity procurement in excess of \$20 million in any one year. Any contract employing EOQ funding or unfunded contingent liabilities at the levels described above would exceed a total contract value of \$500 million. Because subsections (i)(3) and (l)(3) of this section already require that any multiyear procurement contract in an amount equal to or greater than \$500 million be specifically authorized by law in an appropriations act and in an act other than an appropriations act, DoD already notifies Congress of such a proposed contract because Congress would have had to take definitive action to provide authority to award the contract.

Report Title: Multiyear Procurement Contracts - Notice of Intent to Terminate

Report Purpose: The provision in subsection (l)(6) requires the head of an agency to

provide Congress with written notice prior to the proposed termination of a multiyear procurement contract, and specifies that the proposed termination must wait until 10 days after the date of the written notice of the proposed termination.

Reason the Report Should be Repealed: The report is redundant. DoD already provides the same information to Congress pursuant to requirements under section 2306b(I)(3) and (I)(3) of title 10. The contract which is subject to this reporting requirement is a multiyear contract that employs economic order quantity (EOQ) procurement in excess of \$20 million in any one year of the contract; or includes an unfunded contingent liability in excess of \$20 million or includes advanced procurement leading to a multiyear contract that employs economic order quantity procurement in excess of \$20 million in any one year. Any contract employing EOQ funding or unfunded contingent liabilities at the levels described above would exceed a total contract value of \$500 million. Because subsections (i)(3) and (I)(3) of this section already require that any multiyear procurement contract in an amount equal to or greater than \$500 million be specifically authorized by law in an appropriations act and in an act other than an appropriations act, DoD already notifies Congress of such a proposed contract because Congress would have had to take definitive action to provide authority to award the contract.

Report Title: **Contracts: Consideration of National Security Objectives.**

Report Purpose: The provision requires the head of an agency to provide Congress with a detailed report, prior to entering into a contract with a foreign firm or a subsidiary of such a firm, if the Secretary of Defense determines that entering into the contract is not inconsistent with the national security objectives of the United States. The report must include the identity of the foreign government concerned; the nature of the contract; the extent of ownership or control of the firm or subsidiary concerned or, if appropriate in the case of a subsidiary, by the foreign government concerned or the agency or instrumentality of such foreign government; and the reasons for entering into the contract.

Reason the Report Should be Repealed: The report provides information of limited utility at extraordinary cost to DoD in terms of human resources. Instead of a recurring report,

DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: Cooperative Research and Development Projects

Report Purpose: The provision in subsection (f) requires the Under Secretary of Defense for Acquisition, Technology and Logistics to provide Congress with a report, not later than March 1 of each year, on cooperative research and development projects. The report must include a description of the status, funding, and schedule of existing projects carried out for which memoranda of understanding (or other formal agreements) have been entered into, and a description of the purpose, funding, and schedule of any new projects proposed to be carried out (including those projects for which memoranda of understanding (or other formal agreements) have not yet been entered into) for which funds have been included in the budget submitted to Congress. This section further requires the Secretary of Defense, in conjunction with the Secretary of State, to provide a report, when warranted, enumerating those countries added or deleted from the existing designation, and the criteria used in determining the eligibility of a country.

Reason the Report Should be Repealed: The report is redundant. DoD already provides Congress with relevant information on high-cost cooperative programs, such as the Joint Strike Fighter, through other filings and reports. Instead of a recurring report, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: Side-by-Side Testing - Intent to Obligate Funds

Report Purpose: The provision in subsection (g)(3) requires the Deputy Director for Defense Research and Engineering to notify Congress of his intent to obligate funds made available to carry out this subsection no less than 30 days before such obligation.

Report Purpose: The provision in subsection (d)(1) requires the Secretary of Defense to notify Congress each time the Secretary requires that a prime contract be awarded to a particular prime contractor or subcontractor to comply with a cooperative agreement. The notice also must include the rationale for exercising such authority.

Reason the Report Should be Repealed: The report is redundant. DoD provides the same notification to Congress pursuant to section 27 of the Arms Export Control Act.

Report Title: **Notification of Waivers Granted to Prime Contractors in Conjunction with Cooperative Agreements**

Report Purpose: The provision in subsection (d)(2) requires the Secretary of Defense to notify Congress each time the Secretary exercises a waiver to enter into contracts or incur obligations under section 27(d) of the Arms Export Control Act outside the United States.

Reason the Report Should be Repealed: Similar to the report required by subsection (d)(1), this report is redundant because DoD provides the same notification to Congress pursuant to section 27 of the Arms Export Control Act.

Report Purpose: The provision requires the Secretary of Defense to provide Congress with a report containing an explanation of the need for certain military construction projects; the then current estimate of the cost of the projects; and a justification for carrying out the projects. When the Secretary decides to carry out a military construction project under this section, DoD may not commence the project until the end of the 21-day period beginning on the date on which the report is submitted to Congress.

Reason the Report Should be Repealed: The report is redundant and overly burdensome. DoD already provides this information to Congress in an annual report on burden-sharing contributions and their costs. Report Purpose: The provision in subsection (c) requires the head of an agency to provide Congress with a report describing the purpose, mission and general scope of effort of a new research and development center, at least 60 days prior to obligating or expending appropriations for the new center.

Reason the Report Should be Repealed: The report is obsolete. DoD has not established a new research and development center since 1984, nor does it intend to establish such a new center in the foreseeable future.

Report Title: **Identification of FFRDC Workload Effort**

Report Purpose: The provision in subsection (d) requires the Secretary of Defense to provide Congress with a report that sets forth the proposed amount of man-years of effort to be funded by DoD for each federally funded research and development center for that fiscal year budget.

Reason the Report Should be Repealed: The report is redundant. DoD would provide such information in its annual fiscal year budget submission.

Report Title: **Prizes for Advanced Technology Achievements**

Report Purpose: The provision requires the Secretary of Defense to provide Congress with a report, at the end of each fiscal year, on the administration of the program of Prizes for

Advanced Technology Achievements. The report must include discussion on military applications of research, technology, or prototypes for which prizes were awarded; the total amount of prizes awarded; and the methods used for solicitation and evaluation of those methods.

Reason the Report Should be Repealed: As there has not yet been a competition to date, this report provides information of limited utility, does not provide any value to Congress, and is burdensome to prepare. DoD would propose amending the reporting requirement to delete the annual report and only require that a report be provided to Congress once DoD begins awarding prizes for such achievements.

Report Title: **Requirement for Authorization by Law of Certain Contracts Relating to Vessels and Aircraft**

Report Purpose: The provision requires the Secretaries of the military departments to notify Congress prior to issuing a solicitation and contract to lease or charter a vessel or aircraft, or for the provision of a service through use by a contractor of a vessel or aircraft, in which the terms of the contract provide for a substantial termination liability on the part of the U.S. The notification must include a detailed description of the terms of the proposed contract and a justification for entering into the proposed contract rather than providing for the lease, charter, or services involved through purchase of a vessel or aircraft to be used under the contract. The Secretary must then wait for a period of 30 days of continuous session of Congress following the date on which Congress received the notice before proceeding further.

Reason the Report Should be Repealed: The report is redundant. DoD already requests Congress to authorize funds for such purposes, and provides supporting information, before proposing any such lease or contract.

Before DoD may grant such a waiver, the Secretary of Defense must certify that such waiver was necessary in the national security interests of the United States.

Reason the Report Should be Repealed: The report is overly burdensome and provides information of limited utility. DoD has not processed such a waiver since 1995 and would prefer to provide Congress with more relevant information in response to specific requests.

The report must include: the total amount collected from contractors during the year preceding the year in which the report is submitted; the total amount available for obligation; the total amount disbursed in such preceding year and a description of the purpose for each disbursement; and the total amount returned to the Treasury in such preceding year.

Report Title: Standardization of Equipment with North Atlantic Treaty Organization Members

Report Purpose: The provision requires the Secretary of Defense to provide Congress with a report, before February 1, 1989, and biennially thereafter, that assesses the United States' progress in standardizing equipment, including weapon systems, ammunition, and fuel, procured for the use of the armed forces of the United States stationed in Europe under the North Atlantic Treaty or at least to make that equipment interoperable with equipment of other members of the North Atlantic Treaty Organization. The report must include each specific assessment and evaluation made and the results of each assessment and evaluation as well as the results achieved with the members of NATO; procurement action initiated on each new major system not complying with that policy; procurement action initiated on each new major system that is not standardized or interoperable with equipment of other members of NATO, including a description of the system chosen and the reason for choosing that system; the identity of each program of research and development for U.S. Armed Forces stationed in Europe and the common requirements; action of the alliance toward common NATO requirements if none exists; efforts to establish a regular procedure and mechanism in NATO to determine common military requirements; a description of each existing and planned program of the Department of Defense that supports the development or procurement of a weapon system or other military equipment originally developed or procured by members of the organization other than the United States and for which funds have been authorized to be appropriated for the fiscal year in which the report is submitted, including a summary listing of the amount of funds; and a description of each weapon system or other military equipment originally developed or procured in the United States and that is being developed or procured by members of the organization other than the United States during the fiscal year for which the report is submitted.

Reason the Report Should be Repealed: The report is obsolete. Congress initiated the requirement for this report in 1989, and since that time, the U.S. largely has achieved its goal of standardizing equipment with NATO members.

Report Title: Development Of System For Monitoring Cost Savings Resulting From Workforce Reductions

Report Purpose: The provision requires the Secretary of Defense to provide Congress with a report, not later than February 1 of each fiscal year, on the results of the system for monitoring the performance, including the cost performance, of each function of DoD that is the

subject of a workforce review. The report must include: the cost of workforce review; cost of performing a function before workforce review compared to costs incurred after implementing conversion, reorganization, or reengineering actions by the workforce review; and the actual savings derived from implementation of recommendations of the workforce review, compared to anticipated savings that were to result from those actions.

Reason the Report Should be Repealed: The report is obsolete and overly burdensome. As DoD's Business Initiative Council moves to alternate methods to find and measure savings and efficiencies, the focus on the A-76 program is diminishing. The report produces information of limited utility in relation to the cost of compiling the report, and DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: Core Logistics Functions - Waiver

Report Purpose: The provision requires the Secretary of Defense to provide Congress with a report whenever he determines to waive the requirements for performance workload needed to maintain a logistics capability, provided that such waiver is made under regulations prescribed by the Secretary and is based on a determination that government performance of the activity or function is no longer required for national defense reasons. A waiver may not take effect until the expiration of the first period of 30 days of continuous session of Congress that begins on or after the date on which the Secretary submits a report to Congress on the waiver.

Reason the Report Should be Repealed: The report is unnecessary. To date, DoD has not found it necessary to invoke this waiver. Additionally, DoD already provides Congress with similar information through a variety of different means and reports.

Report Title: Congressional Notification Of Cost Comparison Waiver

Report Purpose: The provision requires the Secretary of Defense to provide Congress with a report, not later than 10 days after a decision is made to waive the cost comparison study otherwise required under OMB Budget Circular A-76 as part of the process to convert to contractor performance any commercial activity of DoD, describing the commercial activity subject to the cost comparison waiver and the rationale for the waiver.

Reason the Report Should be Repealed: This report is unnecessary. Only two cost comparison waivers have been done since 1995. These waivers are based on in-depth analysis of a function before conversion to contract performance and are subject to administrative appeal under OMB Circular A-76. As is further required by A-76, notices of waivers are made available to the public. In addition, other reporting requirements provide the same notification information to Congress of the decision to transfer performance of the commercial or industrial type function to private sector performance.

Reason the Report Should be Repealed: The report is overly burdensome and provides information of limited utility. Each year, DoD expends approximately 15 man-days to prepare the report. DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: Department of Defense Technology and Industrial Base Policy Guidance

Report Purpose: The provision requires the Secretary of Defense to provide Congress with an annual report, by March 1 of each year, on DoD industrial and technological guidance issued to facilitate the attainment of national security objectives, including any guidance providing for the integration of industrial and technological capabilities considerations into its budget allocation, weapons acquisition, and logistics support decision processes; methods and analyses undertaken by DoD, alone or in cooperation with other Federal agencies, to identify and address industrial and technological capabilities concerns; industrial and technological capabilities assessments prepared pursuant to section 2505 of title 10; other analyses used in developing DoD's budget submission for the next fiscal year, including a determination as to whether identified instances of foreign dependency adversely impact warfighting superiority; and DoD's programs and actions designed to sustain specific essential technological and industrial capabilities.

Reason the Report Should be Repealed: The report is obsolete and overly burdensome. Congress established this reporting requirement to ensure that DoD prescribed policies and procedures, performed analyses, and took actions necessary to sustain the industrial and technological capabilities needed to meet projected defense requirements in an era of sharp reductions in defense spending and a rapidly consolidating defense industry. Today, the defense budget has stabilized and is increasing. The U.S. defense industrial base no longer is shrinking. DoD has submitted the required report annually since 1997 and demonstrated that it is meeting its responsibilities in a timely and effective manner. The report is a summary of DoD industrial capabilities-related activities completed during the previous calendar year. It contains no original information and is of limited utility to the Congress. DoD will continue to analyze important elements of the national technology and industrial base in accordance with the requirements of section 2503 of title 10, perform periodic defense capability assessments in accordance with section 2505, and prescribe appropriate departmental guidance in accordance with section 2506.

Report Title: Activities Of The Defense Office Of Technology Transition

Report Purpose: The provision requires the Secretary of Defense to provide Congress with a report, submitted each year at the same time that the President submits the fiscal year budget, on the activities of the Defense Office of Technology Transition along with a discussion of the accomplishments of the Office during the fiscal year preceding the fiscal year in which the report is submitted.

Reason the Report Should be Repealed: The report is overly burdensome and provides information of limited utility. Each year, DoD expends approximately \$75,000 to prepare the report. DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: Manufacturing Technology Program

Report Purpose: The provision requires the Secretary of Defense to provide Congress with a five-year plan for the Manufacturing Technology Program which establishes the overall manufacturing technology goals, milestones, priorities, and investment strategy for the program, as part of the budget justification documents submitted in support of the DoD's fiscal year budget. The report must include data for each of the five fiscal years covered by the plan, the objectives of, and funding for the program by each military department and each Defense Agency participating in the program.

Reason the Report Should be Repealed: The report is overly burdensome and provides information of limited utility. Each year, DoD expends approximately \$200,000 to prepare the report. DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: Award Of Certain Contracts To Entities Controlled By A Foreign Government

Report Purpose: The provision requires the Secretary of Defense to notify Congress of any decision to grant a waiver under paragraph (1)(B) with respect to a contract. The contract may be awarded only after the end of the 45-day period beginning on the date the notification is received by the committees.

Reason the Report Should be Repealed: This report is unnecessary. It is an "as required" report that provides advance notice to Congress on waivers to the prohibition against awarding a highly classified contract to a company controlled by a foreign government. The Department of Defense has never granted a waiver under this provision, and there is little likelihood of any contract triggering the need for such a report.

Report Title: Report to Congress – Improved National Defense Control of Technology Diversions Overseas

Report Purpose: The provision requires the Secretary of Defense, the Secretary of Energy, and the Secretary of Commerce to provide Congress with an annual report, by March 31 of each year, containing a summary and analysis of the information collected on all contractors controlled by foreign persons. The report must include an analysis of accumulated foreign ownership of U.S. firms engaged in the development of defense critical technologies.

Reason the Report Should be Repealed: The report is overly burdensome. There are no existing databases to identify which contractors are controlled by foreign persons or entities. Requiring the collection of such information places additional administrative burdens on DoD and on DoD contractors, ultimately driving up the costs of acquisition and logistics.

Report Title: **Critical Infrastructure Protection Loans**

Report Purpose: The provision requires the Secretary of Defense to provide Congress with a report, not later than March 1 of each year in which guarantees are made for loans under this subchapter, on the loan guarantee program.

Reason the Report Should be Repealed: This report is unnecessary. This subsection relates to an annual report of the loans and their effectiveness in securing the National Defense Infrastructure. The defense loan guarantee program has not been effective or widely used. Since this reporting requirement was established, only one such loan has been made. Therefore, the report is of little or no value.

Report Title: **Annual Report – Humanitarian Assistance**

Report Purpose: The provision in subsection (c) requires the Secretary of Defense to provide Congress with an annual report on the provision of humanitarian assistance used for the purpose of providing transportation of humanitarian relief and for other humanitarian purposes worldwide. The report is due each year at the time of the President's submits the fiscal year budget.

Reason the Report Should be Repealed: This report is unnecessary and overly burdensome. DoD would prefer to provide Congress with more relevant information, such as country specific data maintained by the Defense Security Cooperation Agency, in response to specific requests. During the last five years, Congress has made no such inquiry.

Report Title: **Annual Report – Humanitarian Assistance to Unauthorized Countries**

Report Purpose: The provision in subsection (d) requires the Secretary of Defense to notify Congress in any case in which the Secretary provides for the transportation of humanitarian relief to a country to which the transportation of humanitarian relief has not been specifically authorized by law. The notification is to be submitted not less than 15 days before the commencement of such transportation.

Reason the Report Should be Repealed: This report is unnecessary and overly burdensome. DoD would prefer to provide Congress with more relevant information in response

to specific requests.

Report Purpose: The provision requires the Secretary of Defense to notify Congress whenever he waives the condition that an article or service must not be available from a United States commercial source in the case of a particular sale. The report must indicate the Secretary of Defense finds the waiver is necessary for reasons of national security.

Reason the Report Should be Repealed: The report is unnecessary. The Secretary of Defense already is determined to take such action rarely and only for reasons of national security.

Report Purpose: The provision requires the Secretary of Defense to notify Congress immediately whenever he determines to waive the requirement regarding work on certain vessels being performed in the United States. The report must indicate the Secretary of Defense finds the waiver is critical to the national security of the U.S.

Reason the Report Should be Repealed: This report is unnecessary. DoD does not anticipate contracting outside of the United States for the type of work that would generate the need for the report.

**Report Title: Indemnification of the Department of Transportation for Losses
Covered by Vessel War Risk Insurance**

Report Purpose: The provision in subsection (d) requires the Secretary of Defense to provide Congress with notification of a loss, as soon after the occurrence of the loss as possible and, in no event, more than 30 days after the date of the loss, that is covered by vessel war risk insurance in which the covered loss is or is expected to be in an amount in excess of \$1,000,000, as well as semi-annual reports thereafter updating the information, showing with respect to losses arising from such incident the total amount expended to cover such losses, the source of such funds, pending litigation, and estimated total cost to the government.

Reason the Report Should be Repealed: This report is unnecessary. DoD is required to submit this report only in the very rare event of a loss that is covered by defense-related vessel war risk insurance in the case of an accident in which the covered loss is, or is expected to be, in an amount in excess of \$1,000,000.

Report Title: Annual Report on Contingent Liabilities

Report Purpose: The provision in subsection (g) requires the Secretary of Defense to provide Congress with a report, not later than March 1 of each year, setting forth the current amount of the contingent outstanding liability of the United States under the vessel war risk insurance program under Title XII of the Merchant Marine Act of 1936.

Reason the Report Should be Repealed: This annual report is unnecessary. In the event of the occurrence of a loss or incident that is covered by this insurance, the Secretary of Defense already would be required to notify Congress promptly.

Report Title: Real Property Transactions - Lease of Rental Property by GSA for DoD in Excess of \$500,000

Report Purpose: The provision requires the Secretaries of the military departments to provide Congress with a report, 30 days prior to the proposed occupancy of any general purpose space leased for a DoD element by the General Services Administration at an annual rental in excess of \$500,000 (excluding the cost of utilities and other operation and maintenance services), if the effect of such occupancy is to increase the total amount of such leased space occupied by all elements of DoD.

Reason the Report Should be Repealed: The report is redundant. Congress already requires the Secretaries of the military departments to provide information concerning leases exceeding this threshold prior to execution during the annual appropriations process.

Reason the Report Should be Repealed: This report is unnecessary. It is highly unlikely that DoD would enter such a lease.

The Secretaries only may award such a contract after a period of 21 days elapses from the date Congress receives the required the notification.

The report must contain a discussion of each project for the construction or modification of facilities.

Report Title: Utility Systems: Conveyance Authority: Notice-and-Wait

Requirement

Report Purpose: The provision requires the Secretaries of the military departments to provide Congress, prior to conveying a utility system, or part of a utility system, with an economic analysis (based upon accepted life-cycle costing procedures approved by the Secretary of Defense) demonstrating that the long-term economic benefit of the conveyance to the United States exceeds the long-term economic cost of the conveyance to the United States, and that the conveyance will reduce the long-term costs of the United States for utility services provided by the utility system concerned. DoD must wait for a period of 21 days to elapse after the date on which Congress receives the required economic analysis.

Reason the Report Should be Repealed: The report is unnecessary. The provisions of this section are very specific concerning the requirements for any such conveyance and sufficient to ensure DoD manages this authority appropriately. The additional notice and wait provision required by this report only serves as a further administrative burden.

Report Title: **Notice of Further Federal Use**

Report Purpose: The provision requires the Secretaries of the military departments to provide Congress with a copy of a notice issued by the General Services Administration (GSA) determining that further Federal use of a parcel of real property authorized or required to be conveyed by any provision of law is requested by a Federal agency. This provision also prohibits DoD from conveying the real property if Congress enacts a law rescinding the conveyance authority or requirement before the end of the 180-day period beginning on the date on which Congress receives from DoD the copy of GSA's notice.

Reason the Report Should be Repealed: The report is unnecessary. DoD would prefer to eliminate the requirement that it provide Congress with a copy of a notice issued by a separate Federal agency prior to taking any action regarding real property already possessed by the Federal government. This superfluous requirement contravenes Congress's and DoD's shared goal of effective, efficient government.

Report Title: Environmental Restoration Accounts: Facility Relocation Costs

Report Purpose: The provision requires the Secretary of Defense or the Secretaries of the military departments, before undertaking the permanent relocation of a facility, to determine that: permanent relocation is the most cost effective method of responding to the release or threatened release of hazardous substances, pollutants or contaminants from the real property on which the facility is located and is supported by the affected community; and to provide Congress with written notice of the determination before undertaking the permanent relocation of the facility, including a description of the response action taken or to be taken in connection with the permanent relocation and a statement of the costs incurred or to be incurred in connection with the permanent relocation.

Reason the Report Should be Repealed: The report is redundant. DoD already provides Congress the same information on facility relocations for environmental restoration purposes pursuant to sections 2805(b) and 2810(b) of title 10. In addition, relocating the facility would be a requirement for an environmental response action under the Comprehensive Environmental Response, Compensation and Liability Act of 1980. It also is likely that the Environmental Protection Agency and/or equivalent state environmental regulators already would have approved the response action, including facility relocation.

The notification must indicate the scope of the proposed project and the estimated cost of such services, and must be sent to Congress not less than 21 days before the initial obligation of funds for such services.

Reason the Report Should be Repealed: The report is unnecessary and overly burdensome. DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: **Reasons for Increase of Funds for Architectural and Engineering Services and Construction Design**

Report Purpose: The provision in subsection (c) requires the Secretaries of the military departments to submit a report to Congress upon determining that the amount authorized for architectural and engineering services and construction design in connection with military construction projects activities in any fiscal year are insufficient and must be increased. The report must include a statement of the reasons for the increase and a statement of the source of funds to be used for the increase. Such activities may proceed only after a period of 21 days has elapsed from the date Congress receives the required report.

Reason the Report Should be Repealed: The report is redundant. DoD already provides Congress the same information in the Annual Report to Congress pursuant to section 2861 of title 10.

The justification must include an economic analysis (based upon accepted life-cycle costing procedures) that demonstrates the proposed contract is cost effective when compared with alternative means of furnishing the same facility. DoD must wait for a period of 21 calendar days after Congress receives the required justification before entering into such a contract.

Reason the Report Should be Repealed: The report is redundant. DoD already provides Congress such information in its annual fiscal year budget submission.

The notification must include the justification for the repair project and the current estimate of the cost of the project.

Reason the Report Should be Repealed: The report is redundant. DoD already provides Congress the same information in the military departments' annual reports, as well as the annual military construction appropriations process.

Report Title: Lease-purchase of Facilities

Report Purpose: The provision requires the Secretaries of the military departments to provide Congress, prior to entering into an agreement with a private contractor for the lease of a certain specified facility if the facility is provided at the expense of the contractor on a military installation under the jurisdiction of DoD, with a written justification of the need for the facility for which the proposed lease is being entered into and an economic analysis (based upon accepted life-cycle costing procedures) that demonstrates the cost effectiveness of the proposed lease compared with a military construction project for the same facility. DoD may not enter into such a lease until a period of 21 days has expired following the date on which Congress receives the justification and economic analysis.

Reason the Report Should be Repealed: The report is unnecessary. Due to scoring under the pay-as-you-go requirements of the Omnibus Budget Reconciliation Act, the lease purchase authorized under section 2812 is rare. Other controls already are in place in section 2812 including provisions governing what can be leased and the number of leases that are authorized each year.

Report Title: Acquisition of Existing Facilities in Lieu of Authorized Construction - Notice

Report Purpose: The provision requires the Secretaries of the military departments to notify Congress of the determination to acquire an existing facility instead of carrying out an authorized military construction project. The notification must include the reasons for acquiring the facility. DoD may not enter into a contract for the acquisition of a facility until the end of the 30-day period beginning on the date the Secretary transmits such notification to Congress.

Reason the Report Should be Repealed: The report is unnecessary. DoD believes that Congress should entrust the Secretaries of the military departments to manage such acquisition programs consistent with the best interests of DoD and the American people. The required report is an unneeded administrative burden that delays important projects and results in less

efficient government.

This report is due at the same time as the President's fiscal year budget.

Report Title: **Improvements to Family Housing**

Report Purpose: The provision in subsection (b) requires the Secretaries of the military departments to notify Congress of a proposed waiver of the existing restriction that DoD may not expend funds for the improvement of any single family housing unit, or for the improvement of two or more housing units that are to be converted into or are to be used as a single family housing unit, if the cost per unit of such improvement in the case of improvements necessary to make the unit suitable for habitation for a handicapped person will exceed \$60,000 multiplied by the area construction cost index as developed by DoD for the location concerned at the time of the contract award. Prior to expending funds, DoD must wait for a period of 21 days after the date on which Congress has received notice from the Secretaries of the military departments of the proposed waiver and an economic analysis demonstrating that the improvement will be cost effective.

Reason the Report Should be Repealed: The report is redundant. DoD already provides Congress the same information in its annual reports and through the annual authorization and appropriations processes.

Report Title: **Construction in Lieu of Improving Family Housing Units**

Report Purpose: The provision in subsection (c) requires the Secretaries of the military departments to notify Congress prior to constructing replacement military family housing units in lieu of improving existing military family housing units. The notification must include an economic analysis demonstrating that the improvement project would exceed 70 percent of the cost of constructing replacement housing units intended for members of the armed forces in the same paygrade or grades as the members who occupy the existing housing units, and, if the replacement housing units are intended for members of the armed forces in a different pay grade or grades, justification of the need for the replacement housing units based upon the long-term requirements of the armed forces in the location concerned. DoD only may initiate such construction after a period of 21 days elapses after the date on which the Secretary submits to Congress the required notice.

Reason the Report Should be Repealed: The information DoD must provide to Congress is unnecessary and redundant. DoD believes that Congress should entrust the Secretaries of the military departments to manage such construction programs consistent with the best interests of DoD and the American people. The notification must include the proposed new locations of the housing units and the estimated cost of and source of funds for the relocation. DoD only may award such a contract after a period of 21 days elapses after the date on which the Secretary submits to Congress the required notice.

Reason the Report Should be Repealed: The report is unnecessary. The source of funds for such contracts typically is either the improvements or maintenance accounts of the family housing appropriation. Report Title: Military Housing Rental Guarantee Program - Submission and Authorization

Report Purpose: The provision in subsection (b) requires the Secretary of Defense to provide Congress with materials that identify any agreement DoD enters to assure the occupancy of rental housing to be constructed or rehabilitated to residential use by a private developer or by a State or local housing authority on private land, on land owned by a State or local housing authority on private land, on land owned by a State or local government, or on land owned by the United States, if the housing is to be located on or near a new military installation or an existing military installation that has a shortage of housing to meet the requirements of eligible members of the armed forces (with or without accompanying dependents). DoD must provide the materials to Congress along with its annual fiscal year budget submission.

Reason the Report Should be Repealed: The report is redundant. DoD already provides

Congress information regarding contracts for military housing projects in its annual fiscal year budget submission.

Report Title: Military Housing Rental Guarantee Program - Notice and Wait Requirement

Report Purpose: The provision in subsection (f) requires the Secretary of Defense to provide Congress, prior to entering an agreement to assure the occupancy of rental housing to be constructed or rehabilitated to residential use by a private developer or by a State or local housing authority on private land, on land owned by a State or local housing authority on private land, on land owned by a State or local government, or on land owned by the United States, if the housing is to be located on or near a new military installation or an existing military installation that has a shortage of housing to meet the requirements of eligible members of the armed forces (with or without accompanying dependents), with a report containing an economic analysis (based upon accepted life cycle costing procedures) which demonstrates that the proposed agreement is cost effective when compared with alternative means of furnishing the same housing facilities. DoD only may enter such an agreement after a period of 21 days elapses after the date on which the Secretaries submit to Congress the required report.

Reason the Report Should be Repealed: The report is redundant. DoD already provides Congress information regarding such agreements involving military housing projects in its annual fiscal year budget submission.

Report Title: Limited Partnerships with Private Developers of Housing - Selection of Investment Opportunities

Report Purpose: The provision in subsection (c) requires the Secretaries of the military

departments to provide Congress, upon deciding to enter into a limited partnership with one or more private developers to encourage the construction of housing and accessory structures within commuting distance of an installation in order to meet the housing requirements of members of the armed forces, and the dependents of such members, with a report that includes the justification for the limited partnership, the terms and conditions of the limited partnership, a description of the development costs for project under the limited partnership, and a description of the share of such costs to be incurred by the Secretary. DoD only may enter such a limited partnership after a period of 21 days elapses after the date on which the Secretaries submit to Congress the required report.

Reason the Report Should be Repealed: The report is unnecessary. DoD rarely enters such limited partnerships, and most housing privatization is carried out under the authority of sections 2871-2885 of title 10. Section 2837(d) of title 10 limits expenditures in the account to "such amounts as are provided in advance in appropriation Acts." In short, DoD already provides Congress with similar information whenever it requests Congress to provide authority to expend funds in accordance with section 2837(d).

Report Title: **Defense Housing Investment Account**

Report Purpose: The provision in subsection (f) requires the Secretaries of the military departments to provide Congress with a joint, annual report, not later than 60 days after the end of each fiscal year in which activities are carried out under this section, on the Defense Housing Investment Account specifying the amount and nature of all deposits into, and the expenditures from, the account during such fiscal year and of the amount and nature of all other expenditures made pursuant to such section during such fiscal year.

Reason the Report Should be Repealed: The report is unnecessary and overly burdensome.

Report Title: **Authorized Cost Variations**

Report Purpose: The provision requires the Secretaries of the military departments to provide Congress with notification regarding the increase in cost or reduction in scope of a military construction project, or the construction, improvement, and acquisition of a military family housing project. Specifically, DoD must notify Congress of any increase in cost of more than 25 percent of the amount appropriated for such project or 200 percent of the minor construction project ceiling specified in section 2805(a)(1) of title 10, United States Code, whichever is less, or reduction in the cost authorized for and the reasons therefore. DoD also must notify Congress of any reduction in the scope of work of more than 25 percent from the amount approved by Congress for that project, construction, improvement, or acquisition. In the event of such an increase in cost or reduction in the scope of work, DoD may not proceed with a project unless the Secretaries approve the increase in cost or reduction in scope, and a period of 21 days has elapsed after the date on which the Secretaries submit to Congress the required notification.

Reason the Report Should be Repealed: The report is redundant. DoD already provides Congress with the same information in a separate annual report to Congress in accordance with section 2861 of title 10. DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: Restoration or Replacement of Damaged or Destroyed Facilities

Report Purpose: The provision requires the Secretaries of the military departments to notify Congress upon making a decision to carry out construction to repair, restore, or replace a facility under their respective jurisdictions, including a family housing facility, that has been damaged or destroyed, and the cost of the repair, restoration, or replacement is greater than the maximum amount for a minor construction project. The notification must include the justification for the project, the current estimate of the cost of the project, and the source of funds for the project. DoD only may carry out such construction after the end of the 21-day period beginning on the date Congress receives the required notification.

Reason the Report Should be Repealed: The report is unnecessary and overly burdensome. DoD believes that Congress should entrust the Secretaries of the military departments to manage such construction consistent with the best interests of DoD and the American people. To eliminate the unneeded administrative burden associated with preparing these notifications, DoD would prefer to provide Congress with more relevant information in

response to specific requests.

Report Title: **Conveyance of Damaged or Deteriorated Military Family Housing;
Use of Proceeds**

Report Purpose: The provision requires the Secretaries of the military departments to provide Congress, prior to entering an agreement to convey any family housing facility that, due to damage or deterioration, is in a condition that is uneconomical to repair, with a report justifying the conveyance under the agreement, including an estimate of the consideration to be provided the United States under the agreement, an estimate of the cost of repairing the family housing facility to be conveyed, and an estimate of the cost of replacing the family housing facility to be conveyed. DoD may not enter into such an agreement until after a period of 21 calendar days has elapsed after the date Congress receives the required report.

Reason the Report Should be Repealed: The report is unnecessary and overly burdensome. DoD believes that Congress should entrust the Secretaries of the military departments to manage such conveyances consistent with the best interests of DoD and the American people. To eliminate the unneeded administrative burden associated with preparing these notifications, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: **Energy Conservation Construction Projects**

Report Purpose: The provision in subsection (e) requires the Secretary of Defense to notify Congress upon making a decision to carry out a military construction project for energy

conservation, not previously authorized, using funds appropriated or otherwise made available for that purpose. DoD only may carry out such a military construction project after a period of 21 calendar days has elapsed after the date Congress receives the required notification.

Reason the Report Should be Repealed: The report is unnecessary and overly burdensome. The administrative burden associated with this report caused unneeded delay in the execution of a number of projects, including renovation of the Pentagon. DoD believes that Congress should entrust the Secretaries of the military departments to manage such construction consistent with the best interests of DoD and the American people. Instead of preparing these burdensome notifications, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: **Energy Savings at Military Installations**

Report Purpose: The provision in subsection (f) requires the Secretary of Defense to provide Congress with a report, not later than December 31 of each year, describing actions taken to carry out energy savings at military installations, and the savings realized for the fiscal year ending in the year in which the report is made.

Reason the Report Should be Repealed: This report is redundant. DoD already provides Congress with similar information in separate reports, including the "Annual Energy Management Report" recently mandated by Congress in the National Defense Authorization Act for Fiscal Year 2002.

Reason the Report Should be Repealed: The report is unnecessary and overly burdensome. Report Title: Sale of Electricity from Alternate Energy and Cogeneration Production Facilities

Report Purpose: The provision requires the Secretaries of the military departments to notify Congress before carrying out military construction projects under the energy performance plan developed by the Secretary of Defense under section 2865(a) of title 10, United States Code, including minor military construction projects authorized under section 2805 of title 10, United States Code, that are designed to increase energy conservation. The notification must include the justification for the project and the estimated cost of the project. DoD only may carry out such a military construction project after a period of 21 calendar days has elapsed after the date Congress receives the required notification.

Reason the Report Should be Repealed: The report is obsolete. Since 1984, when Congress first mandated this report, DoD regularly provides Congress with the requested information as part of the military construction authorization and appropriations process.

Report Title: Investments

Report Purpose: The provision requires the Secretary of Defense to notify Congress prior to using amounts in the DoD Family Housing Improvement Fund or the DoD Military Unaccompanied Housing Improvement Fund to make a cash investment in an eligible entity carrying out projects for the acquisition or construction of housing units suitable for use as military family housing or as military unaccompanied housing. The notification must include the justification for the investment. DoD only may use amounts from these funds to make a cash investment after the end of the 30-day period beginning on the date Congress receives the required notification.

Reason the Report Should be Repealed: The report is redundant and overly burdensome. DoD already provides Congress with such information as part of separate reports required by this subchapter of title 10. DoD expends 10 man-days each year to prepare the report. Instead of preparing this burdensome, recurring report, DoD would prefer to provide Congress with more

Report Title: Department of Defense Housing Funds

Report Purpose: The provision requires the Secretary of Defense to provide Congress with a report on the expenditures and receipts during the preceding year covering the DoD Family Housing Improvement Fund and the DoD Military Unaccompanied Housing Improvement Fund; a methodology for evaluating the extent and effectiveness of the use of alternative authorities for acquisition and improvement of military housing during the preceding fiscal year; and a description of DoD's objectives for providing military family housing and military unaccompanied housing for members of the armed forces. DoD must provide the report to Congress along with its annual fiscal year budget submission.

Reason the Report Should be Repealed: The report is unnecessary. DoD already provides Congress with this information, including expenditures, receipts, and financial statements, as part of its annual fiscal year budget submission. Instead of preparing this burdensome, annual report, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Purpose: The provision requires the Secretary of Defense to provide Congress with the annual report prepared by the Strategic Environmental Research and Development Program Council, along with such comments as the Secretary considers appropriate. The report is due not later than March 15 of each year.

Reason the Report Should Be Repealed: The report is unnecessary. DoD would prefer to forward Congress the Council's annual report without requiring additional input from the Secretary of Defense. The Secretary would exercise discretion regarding whether to provide further comment on the Council's annual report.

The report is due at the same time DoD submits to Congress its annual fiscal year budget.

Reason the Report Should be Repealed: The report is redundant and overly burdensome. DoD already provides Congress the same information in numerous other reports submitted annually to Congress. DoD expends 12 man-days each year to prepare the report. Instead of preparing this burdensome, annual report, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: Defense Industry Civilians: Admission to Defense Product Development Program

Report Purpose: The provision requires the Secretary of the Navy to provide Congress with a certification that defense industry employees are eligible to receive instruction at the Naval Postgraduate School during any academic year because such instruction will further the military mission of the school, will enhance the ability of the Department of Defense and defense-oriented private sector contractors engaged in the design and development of defense systems to reduce the product and project lead times required to bring such systems to initial operational capability, and will be done on a space-available basis and not require an increase in the size of the faculty of the school, an increase in the offerings of the school, or an increase in the laboratory facilities or other infrastructure of the school. The certification is due before the start of the academic year.

Reason the Report Should be Repealed: The report is unnecessary. DoD would prefer that Congress eliminate an unneeded administrative burden by seeking such information directly from the U.S. Naval Postgraduate School.

Report Title: Acceptance of Guarantees with Gifts for Major Projects

Report Purpose: The provision requires the Secretary of the Air Force to provide Congress with a report before accepting from a donor or donors a qualified guarantee for the completion of a major project for the benefit of the U.S. Air Force Academy. DoD may not accept such a qualified guarantee until 30 days expire following the date DoD submits the required report to Congress.

Reason the Report Should be Repealed: The report is unnecessary. A qualified guarantee is a standard banking practice that is used throughout the United States for substantial donations to universities and colleges. The banking industry will not provide the guarantee without careful consideration of the underlying plans.

Report Title: Indemnification of Department of Transportation for Losses Covered by Defense-Related Aviation Insurance

Report Purpose: The provision in subsection (c) requires the Secretary of Defense to notify Congress in the event of a loss that is covered by defense-related aviation insurance in the case of an accident in which the covered loss is (or is expected to be) in an amount in excess of \$1,000,000, as soon after the occurrence of the loss as possible, and in no event more than 30 days after the date of the loss. The Secretary also must provide Congress with semi-annual reports with all pertinent information and updates on each such accident.

Reason the Report Should be Repealed: The report is overly burdensome and provides information readily available to Congress through alternative sources. Instead of preparing this burdensome, annual report, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: **Contingent Liabilities**

Report Purpose: The provision in subsection (f) requires the Secretary of Defense to provide Congress with a report, not later than March 1 of each year, setting forth the current amount of the contingent outstanding liability of the United States under the insurance program established at chapter 443 of title 49, United States Code, that allows the Secretary of Transportation to provide insurance or reinsurance against loss or damage arising out of any risk from the operation of an American aircraft or foreign-flag aircraft outside the United States.

Reason the Report Should be Repealed: The report is overly burdensome and provides information readily available to Congress through alternative sources. Instead of preparing this burdensome, annual report, DoD would prefer to provide Congress with more relevant information in response to a request regarding a specific incident or loss.

Report Title: **Ready Reserve Order to Active Duty in Time of National Emergency - Policies and Procedures**

Report Purpose: The provision in subsection (b) requires the Secretary of Defense to provide Congress with an annual report on the policies and procedures he considers necessary to achieve fair treatment as between members in the Ready Reserve who are being considered for recall to duty without their consent.

Reason the Report Should be Repealed: The report is obsolete. Congress originally mandated this report in the 1950's when the Reserve component was far different than it is today. With the advent of the all volunteer force, significantly increased integration, and standardization of training, equipment, and deployment methods, DoD has established a proven record of achieving fair treatment of the members of the Ready Reserve.

Report Title: **Ready Reserve Order to Active Duty in Time of National Emergency - Annual Report**

Report Purpose: The provision in subsection (d) requires the President to provide Congress with a report whenever one or more units of the Ready Reserve are ordered to active duty. The report must include a statement of the mission of each such unit ordered to active duty, an evaluation of such unit's performance of that mission, where each such unit is being deployed at the time of the report, and such other information regarding each unit as the President deems appropriate. The report is due on the first day of the second fiscal year quarter

immediately following the quarter in which the first unit or units are ordered to active duty and on the first day of each succeeding six-month period thereafter, so long as such unit is retained on active duty.

Reason the Report Should be Repealed: The report is redundant and overly burdensome. DoD already informs Congress whenever it orders to active duty a Reserve component unit. Instead of preparing this burdensome, annual report, DoD would prefer to provide Congress with more relevant, timely information in response to a request regarding the status of specific Reserve units.

Report Title: **Educational Assistance for Members of the Select Reserve**

Report Purpose: The provision requires the Secretary of Defense to provide Congress with a report, no later than March 1 of each odd-numbered year, concerning the operation of the program to provide educational assistance to members of the Selected Reserve of the Ready Reserve of the armed forces who agree to remain members of the Selected Reserve for a period of not less than six years. The report must include the number of members of the Selected Reserve of the Ready Reserve of each armed force receiving, and the number entitled to receive, educational assistance during the preceding two fiscal years.

Reason the Report Should be Repealed: The report is unnecessary. Fifteen years have passed since Congress originally mandated this report, and DoD has established a proven record of achieving the goals of this educational assistance program. Instead of preparing this burdensome report, DoD would prefer to provide Congress with more relevant, timely information in response to specific requests.

Report Title: **Foreign Military Training**

Report Purpose: The provision in Section 656 requires the Secretary of Defense and the

Secretary of State jointly to provide Congress with an annual report, not later than January 31 of each year, on all military training provided to foreign military personnel during the previous fiscal year and all such training proposed for the current fiscal year.

Reason the Report Should be Repealed: This report is overly burdensome. The Fiscal Year 2002 report consisted of more than 1,500 pages, reporting more than 49,500 different training events. Personnel needed to coordinate, review, staff and compile the report included approximately 4 action officers from the Defense Security Cooperation Agency; 7 action officers and information technology personnel from each of the Military Departments and from the respective service training field activities; 1-2 people in each Security Assistance Organization worldwide; 1-2 people from each Unified Command; and action and regional officers from the Joint Chiefs of Staff, Office of Secretary of Defense, the Department of Defense, and the Department of State. The net effort amounted to approximately 24 work years. The report costs approximately 1.8 million dollars to produce. DoD believes it would be more efficient and cost effective to respond to specific Congressional requests instead of providing this overly burdensome annual report.

Report Title: **Audits of Undefinitized Contractual Actions**

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a report on the management of undefinitized contractual actions by the Secretaries of the military departments, following a DoD Inspector General periodic audit of contractual actions under the jurisdiction of the Secretary of Defense, including the Defense Logistics Agency.

Reason the Report Should be Repealed: The report is overly burdensome and produces information of minimal utility. DoD would prefer that the DoD Inspector General use his finite resources to plan and conduct special audits based on greatest program risk and highest potential return.

Report Title: Counter-Intelligence Polygraph Program

Report Purpose: This provision requires the Secretary of Defense to provide Congress with an annual report on the polygraph examinations conducted by DoD during the previous fiscal year. The report must include a statement of the number of polygraph examinations administered; a description of the purposes and results of such examinations; a description of the criteria used for selecting programs and persons for examination; a statement of the number of persons who refused to submit to such an examination and a description of the actions taken as a result of their refusal; a statement of the number of persons for which such an examination indicated deception and the action taken as a result; and a detailed accounting of those cases in which more than two such examinations were needed to attempt to resolve discrepancies and those cases in which the examination of a person extended over more than one day.

Reason the Report Should be Repealed: The report is unnecessary and overly burdensome. DoD already is vigilant in ensuring that it administers polygraphs in full compliance with applicable law. Instead of preparing this burdensome report, DoD would prefer to provide Congress with more relevant, timely information in response to specific requests.

Section-by-Section Analysis

Report Title: Base Realignment and Closure (BRAC)

Report Purpose: This provision requires the Secretary of Defense to provide Congress with a report that includes: (1) a schedule of the closure and realignment actions carried out in that fiscal year, and an estimate of the total expenditures required and cost savings to be achieved by each such closure and realignment and of the time period in which these savings are to be achieved in each case, together with the Secretary's assessment of the environmental effects of such actions; and (2) a description of the military installations, including those under construction and those planned for construction, to which DoD will transfer functions as a result of such closures and realignments, together with the Secretary's assessment of the environmental effects of such transfers. DoD must provide the report along with its annual fiscal year budget

submission.

Reason the Report Should be Repealed: The report is obsolete. DoD has completed all base closures authorized by this act.

Report Title: Mentor-Protege Pilot Program

Report Purpose: The provision in Section 831 (10 U.S.C. 2301 note) requires the Secretary of Defense to provide Congress with an annual report on DoD's Mentor-Protege program, which involves large defense contractors that agree to provide specified assistance to small or disadvantaged subcontractors for that fiscal year. The report is due not later than 6 months after the end of each of fiscal year, beginning in 2000 and continuing through 2007.

Reason the Report Should be Repealed: The report is overly burdensome and provides information of minimal utility. In addition to the human resources expended to prepare this report, DoD expends approximately \$8,000 for printing costs. Instead of preparing this burdensome report, DoD would prefer to provide Congress with more relevant, timely information in response to specific requests.

Report Title: Negotiations for Payment-In-Kind with Host Countries

Report Purpose: The provision in Section 2921(e) requires the Secretary of Defense to notify Congress before entering into negotiations with a host country regarding the acceptance by the United States of any payment-in-kind in connection with the release to the host country of improvements made by the United States at military installations in the host country or payment-in-kind compensation.

Reason the Report Should be Repealed: The report is unnecessary. DoD has been negotiating payment-in-kind for more than ten years, and has established a proven record of managing this program effectively and efficiently. DoD has realized savings of approximately \$391 million from payment-in-kind returns and an additional \$487 million in payment-in-kind as

part of the return of Rhein Main Air Base, Germany.

Report Title: Residual Value: OMB Review Of Proposed Settlements

Report Purpose: The provision in Section 2921(f) requires the Secretary of Defense to provide Congress with a report on proposed settlement agreements with host nations for the release of improvements having value in excess of \$10,000,000, made by the U.S. to facilities at an installation located in these host countries, not previously reviewed beforehand by the Director of the Office of Management and Budget (OMB).

Reason the Report Should be Repealed: The report is unnecessary. DoD already works closely with the Office of Management and Budget to ensure that the United States receives appropriate residual value compensation.

Report Title: Residual Value: Payments-In-Kind (Military Construction/Facility Improvement)

Report Purpose: The provision in Section 2921(g)(1) requires the Secretary of Defense to notify Congress not less than 30 days before concluding an agreement for acceptance of military construction or facility improvements as a payment-in-kind.

Reason the Report Should be Repealed: The report is unnecessary. DoD already has achieved nearly all overseas facility returns. DoD believes that Congress should entrust the Secretary to manage these agreements consistent with the best interests of DoD and the American people. Instead of preparing this burdensome notification, DoD would prefer to provide Congress with more relevant information in response to specific requests.

Report Title: Residual Value: Payments-In-Kind (Host Nation Payment Of Operating Costs)

Report Purpose: The provision in Section 2921(g)(2) requires the Secretary of Defense to notify Congress before taking any action to close or realign a military installation. The notification must include an evaluation of the fiscal, local, economic, budgetary, environmental, strategic, and operational consequences of such closure or realignment. DoD only may take action after a period of 30 legislative days expires following the day Congress receives the required notification.

Reason the Report Should be Repealed: The report is unnecessary. When DoD receives payment-in-kind from host nations, it receives compensation in the form of host-nation funded construction rather than operating costs. It is highly unlikely that DoD would receive payment-in-kind in the form of host nation payments of operating costs in the future.

Report Title: Contracts For Certain Environmental Restoration Activities

Report Purpose: The provision in Section 2926(g) (10 U.S.C. 2687 note) requires the Secretary of Defense to provide Congress with a report, to be contained within the annual report to Congress required by section 2706 of title 10, United States Code, regarding DoD's environmental quality programs and other environmental activities, which shall include a description of the progress made during the preceding fiscal year in implementing and accomplishing the goals of improving the efficiency and effectiveness of the base closure environmental restoration program.

Reason the Report Should be Repealed: The report is redundant. DoD already provides Congress with such information through other means. DoD would prefer to respond to specific Congressional requests in order to provide more timely and useful information.

- 1 (g) DEFENSE ECONOMIC ADJUSTMENT, DIVERSIFICATION, CONVERSION, AND
- 2 STABILIZATION ACT OF 1990.—Section 4004 of the Defense Economic Adjustment,
- 3 Diversification, Conversion, and Stabilization Act of 1990 (Public Law 101-510; 104 Stat. 1849)
- 4 is amended by striking paragraph (c)(3).

Section-by-Section Analysis

Report Title: Defense Economic Adjustment Planning

Report Purpose: This provision requires the Defense Economic Adjustment Committee to provide the President and Congress with a report, not later than December 1 of each year, that describes Federal economic adjustment programs available to communities, businesses, and groups of workers; describes the implementation of defense economic adjustment assistance during the preceding fiscal year; and specifies the number of communities, businesses, and workers affected by defense budget reductions during the preceding fiscal year and such number assisted by Federal economic adjustment programs during that fiscal year.

Reason the Report Should be Repealed: The report is overly burdensome and provides information of limited utility. The Economic Adjustment Committee's activities respond to adverse impacts of defense activities. These events do not occur every year or at predictable times. Therefore, compiling accurate and timely information is particularly difficult. In addition, DoD provides related information to Congress through alternative means, such as published Base Realignment and Closure announcements, the Catalog of Federal Domestic Assistance report of programs, and various General Accounting Office reports.

- 2 National Defense Authorization Act for Fiscal Years 1992 and 1993 (Public Law 102-190; 105
- 3 Stat. 1411 and 1562, respectively) is amended—

1 (1) in section 734—

2 (A) by striking subsection (c); and

3 (B) by redesignating subsections (d) through (f) as subsections (c)

4 through (e), respectively; and

5 (2) by repealing section 2868.

Section-by-Section Analysis

Report Title: Registry of Members of the Armed Forces Who Were Exposed to Fumes From Burning Oil in Connection with Operation Desert Storm

Report Purpose: The provision in Section 734 (10 U.S.C. 1074 note) requires the Secretary of Defense to provide Congress with an annual report on the results of all on-going studies on the members of the armed forces who were exposed to fumes from burning oil in connection with Operation Desert Storm, to determine the health consequences, including any short- or long-term consequences, of the exposure of such members to the fumes of burning oil; and the need for additional studies related to the exposure of such members to such fumes. DoD must provide the report at or about the time that the President submits the fiscal year budget.

Reason the Report Should be Repealed: The report is obsolete. Since the Army Office of the Surgeon General provided a report regarding Burning Oil Exposure to the Congress in 1993, DoD has not received any substantial information to add to the registry on this subject.

Report Title: Military Construction for Facilities Supporting New Weapons Systems

Report Purpose: The provision in Section 2868 (10 U.S.C. 2802 note) requires the Secretary of Defense to provide Congress with a report on military construction for the permanent basing of a new weapon system describing the site or sites selected or planned for that weapon system; the rationale for selecting such site or sites; and the military construction activities proposed for each such site. DoD must provide the report at or about the time that the President submits the fiscal year budget.

Reason the Report Should be Repealed: The report is redundant. DoD already provides Congress with such information in the materials that accompany its annual fiscal year budget.

2 Defense Authorization Act for Fiscal Year 1993 (Public Law 102-484; 106 Stat. 2367, 2439,
3 2516, and 2609 respectively) is amended—

1 (1) in section 324, by striking subsection (b), and by striking the designator “(a)”
2 prior to “Sense of Congress” in the remaining matter;
3 (2) in section 722, by striking subsection (d);
4 (3) in section 1082(b)—
5 (A) by striking subparagraph (1)(B);
6 (B) by striking the dash in subsection (b) of section 1082; and
7 (C) by striking the designator “(A)” preceding the remaining matter, and
8 realigning it to read as a paragraph; and
9 (4) in section 2827—
10 (A) by striking subsection (b); and
11 (B) by redesignating subsection (c) as subsection (b).

Section-by-Section Analysis

Report Title: Overseas Environmental Restoration

Report Purpose: The provision in Section 324 (10 U.S.C. 2701 note) requires the Secretary of Defense to include in each annual *Report on Allied Contributions to the Common Defense* provided to Congress information, in classified and unclassified form, describing the efforts undertaken and the progress made by the President in carrying out environmental restoration activities at military installations outside the United States during the period covered by the report.

Reason the Report Should be Repealed: The report is unnecessary. DoD’s overseas environmental restoration constitutes only a minimal portion of its overseas operational expenses. The cost of producing the report far outweighs the benefit of the meager information it provides.

Report Title: Recommendations of the Working Group

Report Purpose: The provision in Section 722 (10 U.S.C. 1073 note) requires a joint services working group on the provision of military health care to provide Congress and the Secretary of Defense with a report of the group’s recommendations regarding alternative means for continuing to provide accessible health care to persons who receive health care at military installations that are closing or that will be realigned.

Reason the Report Should be Repealed: This report is obsolete due to the implementation of new health care benefits such as TRICARE for Life.

Report Title: **Participation of DoD in Overseas Trade Shows and Military Exhibitions**

Report Purpose: The provision in Section 1082(b) (10 U.S.C. 113 note) requires the Secretary of Defense to provide Congress with a report in the event that a United States defense contractor or industrial association requests DoD or a military department to provide support in the form of military equipment for any air show or trade exhibition to be held outside the United States. DoD must provide the report at least 45 days before the opening of the airshow or trade exhibition and describe why the show or exhibition is in the national security interest; describe the implications that promoting the sale of the weapons in question will have on arms control; and estimate any costs to be incurred.

Reason the Report Should be Repealed: The report is overly burdensome and provides information of limited utility at significant cost. Rather than dedicate finite resources to preparation of this report, DoD would prefer to provide Congress with more relevant and timely information in response to specific requests.

Report Title: **Negotiations on Payments-in-Kind With Host Nations**

Report Purpose: The provision in Section 2827 requires the Secretary of Defense to provide Congress with written notice prior to entering into negotiations with a host country on the U.S. acceptance of any payment-in-kind for improvements made by the U.S. at military installations in the host country.

Reason the Report Should be Repealed: The report is unnecessary. DoD has been negotiating payment-in-kind for more than ten years, and has established a proven record of managing this program effectively and efficiently. DoD has realized savings of approximately \$391 million from payment-in-kind returns and an additional \$487 million in payment-in-kind as part of the return of Rhein Main Air Base, Germany.

2 Defense Authorization Act for Fiscal Year 1994 (Public Law 103-160; 107 Stat. 1659 and 1931
3 respectively) is amended—

4 (1) by repealing section 542; and

5 (2) in section 2924, by striking subsection (b).

Section-by-Section Analysis

Report Title: Proposed Changes in Policies Regarding Combat Assignments of Female Members

Report Purpose. The provision in Section 542 (10 U.S.C. 113 note) requires the Secretary of Defense to notify Congress whenever he proposes to change existing military personnel policies in order to make available to female members of the armed forces assignment to any type of combat unit, class of combat vessel, or type of combat platform. The notification is due at least 30 days before DoD implements such change.

Reason the Report Should be Repealed: This report is unnecessary. The Secretary of Defense already assigns women in the Armed Services according to DoD mission requirements. Therefore, DoD would prefer to provide Congress with information in response to specific concerns.

Report Title: OMB Review of Proposed Settlements

Report Purpose. The provision in Section 2924 (10 U.S.C. 2687 note) requires the Secretary of Defense to provide the Director of the Office of Management and Budget with a report on a proposed settlement with a host country regarding the release of improvements made by the U.S. to facilities at an installation located in the host country. The report is due at least 30 days before DoD enters such agreement of settlement.

Reason the Report Should be Repealed: The report is overly burdensome and provides information of limited utility.

1 (k) NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 1995.—The National
2 Defense Authorization Act for Fiscal Year 1995 (Public Law 103-337; 108 Stat. 2804 and 2890,
3 respectively) is amended—

4 (1) in section 721—

5 (A) by striking subsection (h); and

6 (B) by redesignating subsection (i) as subsection (h); and

7 (2) in Section 1305, by striking subsection (h).

Section-by-Section Analysis

Report Title: Programs Related to Desert Storm Mystery Illness

Report Purpose: The provision in Section 721 (10 U.S.C. 1074 note) requires the Secretary of Defense to provide Congress with an annual report on the DoD's efforts to inform

members of the armed forces who served in the southwest Asia theater of operations during the Persian Gulf and their families of illnesses that may result from such service; to revise the physical evaluation board disability rating criteria and interim efforts to adjudicate cases before the revision of the criteria; and to share results of the review and any new ratings of service members previously separated.

Reason the Report Should be Repealed: This report is unnecessary. DoD has provided Gulf War veterans and their families with information regarding any substantial health-care developments for more than 11 years. For example, DoD publishes a special section in the Deployment Quarterly, “Gulf War Update,” that addresses Gulf War-specific issues. DoD also maintains an interactive internet site, GulfLINK, that provides responses to specific inquiries.

Report Title: **Payments-in-Kind for Release of U.S. Overseas Military Facilities to NATO Host Countries**

Report Purpose: The provision in Section 1305 requires the Secretary of Defense to notify Congress prior to entering an agreement for acceptance of host nation support or host nation payment of operating costs of United States forces as a payment-in-kind. The notification is due at least 30 days before DoD enters such an agreement.

Reason the Report Should be Repealed: The report is overly burdensome and unnecessary. DoD normally receives payment-in-kind from host nations in the form of military construction rather than operating costs.

1 (I) NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 1996.—Section 2840 of
2 the National Defense Authorization Act for Fiscal Year 1996 (Public Law 104-106; 110 Stat.

4 (1) in subsection (a)—

5 (A) by striking paragraph (4); and

6 (B) by redesignating paragraph (5) as paragraph (4); and

7 (2) in subsection (b)—

8 (A) by striking paragraph (4); and

9 (B) by redesignating paragraph (5) as paragraph (4).

Section-by-Section Analysis

Report Title: **Transfer Authority in Connection With Construction or Provision of**

Military Family Housing

Report Purpose: The provisions in Section 2840 (10 U.S.C. 2687 note) require the Secretaries of the military departments to provide Congress with a report describing each agreement to transfer by deed real property or facilities located at or near a military installation closed or pending closure in exchange for prospective military family housing units. The report must specify the consideration the U.S. would receive in accordance with the agreement.

Reason the Report Should be Repealed: This report is unnecessary. DoD has completed all base closures pursuant to this specific law.

1 (m) NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 1997. The National
2 Defense Authorization Act for Fiscal Year 1997 (Public Law 104-201; 110 Stat. 2480 and 2653,
3 respectively) is amended—

4 (1) in Section 324, by striking subsection (c); and

5 (2) in Section 1065, by striking subsection (b).

Section-by-Section Analysis

Report Title: **Compliance with Annex V to the Convention**

Report Purpose: The provision in Section 324(c) (10 U.S.C. 2706(b)) requires the Secretary of Defense to provide Congress with an annual report on the progress made in carrying out activities under the environmental quality programs of DoD and the military departments. The report is due within 45 days of the start of the fiscal year.

Reason the Report Should be Repealed: This report is obsolete. DoD has installed the pollution-control devices covered by this requirement.

Report Title: **Marshall Center Participation by Foreign Nations**

Report Purpose: The provision in Section 1065(b) requires the Secretary of Defense to provide Congress with a report setting forth the names of the foreign nations permitted to participate in Marshall Center programs during the preceding year.

Reason the Report Should be Repealed: This report is unnecessary and the information provided is of limited value. Since most Regional Centers issue periodic public reports on their activities, Congressional members and their staff could be added to the distribution list, or DoD would provide Congress with more relevant information in response to specific requests.

1 (n) OMNIBUS CONSOLIDATED APPROPRIATIONS ACT, 1997.—Section 8009 of the

1 Omnibus Consolidated Appropriations Act, 1997 (Public Law 104-208; 110 Stat. 3009-89) is
2 amended—

3 (1) by striking “unless the congressional defense committees have been notified at
4 least thirty days in advance of the proposed contract award”;

5 (2) by striking the comma after “year”; and

6 (3) by striking the colon before “Provided”.

Section-by-Section Analysis

Report Title: **Transfers of Funds – Economic Order Quantity Procurement**

Report Purpose: This provision requires the Secretaries of the military departments to notify Congress at least 30 days in advance of a proposed contract award to initiate a multiyear contract that employs economic order quantity procurement in excess of \$20,000,000 in any one year of the contract or that includes an unfunded contingent liability in excess of \$20,000,000; or a contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in excess of \$20,000,000 in any one year.

Reason the Report Should be Repealed: This report is redundant. DoD already provides similar information pursuant to 10 U.S.C. 2306b(i)(3) and b(1)(3), which require that Congress authorize any multiyear procurement contract in an amount equal to or greater than \$500 million.

1 (e) NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 1998. Section 349 of
2 the National Defense Authorization Act for Fiscal Year 1998 (Public Law 105-85; 111 Stat.

Section-by-Section Analysis

Report Title: **Partnerships for Investment in Innovative Environmental Technologies**

Report Purpose: The provision in Section 349 (10 U.S.C. 2702 note) requires the Secretary of Defense to provide Congress with an annual report on the number of partnerships DoD enters with one or more private entities; a description of the nature of the technology involved in each such partnership; and a list of all partners in such partnerships.

Reason the Report Should be Repealed: The report is overly burdensome and provides information of limited utility. DoD would prefer to provide Congress with information in

response to specific requests.

1 (p) STROM THURMOND NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR
2 1999.—The Strom Thurmond National Defense Authorization Act for Fiscal Year 1999 (Public
3 Law 105-261; 112 Stat. 2075 and 2155, respectively) is amended—

4 (1) in section 745, subsection (e)—

5 (A) by striking paragraph (2); and

6 (B) by striking the designator “(1)” following the catchline in the
7 preceding matter; and

8 (2) by repealing section 1223.

Section-by-Section Analysis

Report Title: **Participation in TRICARE**

Report Purpose: The provision in Section 349 (10 U.S.C. 1071 note) requires the Secretary of Defense and the Secretary of Veterans' Affairs jointly to provide Congress with a semiannual report, not later than March 1 and September 1 of each year, on the status of the review of the TRICARE program in identifying opportunities for increased participation by veterans in that program.

Reason the Report Should be Repealed: This report is unnecessary. DoD already submitted to Congress a final report indicating that veterans have attained reasonably expected levels of participation in TRICARE.

Report Title: **Development of the European Security and Defense Identity**

Report Purpose: The provision in Section 1223 (22 U.S.C. 1928 note) requires the Secretary of Defense to provide Congress with various reports on the development of the European Security and Defense Identity (ESDI) within the NATO Alliance. The ESDI would enable the Western European Union, with the consent of the NATO Alliance, to assume the political control and strategic direction of specified NATO assets and capabilities.

Reason the Report Should be Repealed: This report is obsolete and provides information of limited utility. The requested information is no longer relevant and does not reflect the shift in focus between the European Union and NATO.

1 (q) DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, 1999.—Section 8005 of the

1 Department of Defense Appropriations Act, 1999 (Public Law 105-262; 112 Stat. 2297) is
2 amended by striking “Provided further, That the Secretary of Defense shall notify the Congress
3 promptly of all transfers made pursuant to this authority or any other authority in this Act.”.

Section-by-Section Analysis

Report Title: **Transfer of Working Capital Funds**

Report Purpose: This provision requires the Secretary of Defense to notify Congress of all transfers of working capital funds whenever he determines that such action is necessary in the national interest.

Reason the Report Should be Repealed: This report is redundant. DoD already notifies Congress of such transfers through DoD Reprogramming Actions (DD Form 1415-1) which require Congressional committee approval prior to implementation.

1 (r) NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2000. The National
2 Defense Authorization Act for Fiscal Year 2000 (Public Law 106-65; 113 Stat. 542, 697, 706,
3 748, 756, 779, and 798, respectively) is amended —

4 (1) in section 212, by striking subsection (c);

5 (2) in section 724, by striking subsection (e);

6 (3) by repealing section 811;

7 (4) by repealing section 1025;

8 (5) in section 1039, by striking subsection (b);

9 (6) in section 1201—

10 (A) by striking subsections (d) and (e); and

11 (B) by redesignating subsection (f) as subsection (d); and

12 (7) in section 1402, by striking subsection (b)(2).

Section-by-Section Analysis

Report Title: **Defense Science and Technology Program**

Report Purpose: The provision in Section 212 (10 U.S.C. 2501 note) requires the Secretary of Defense to provide Congress with a report certifying that the defense budget does not jeopardize the stability of the defense technology base or increase the risk of failure to maintain technological superiority in future weapon systems.

Reason the Report Should be Repealed: This report is redundant. DoD already provides Congress with this information through various sub-elements of the DoD budget.

Report Title: **Joint Telemedicine and Telepharmacy Demonstration Projects**

Report Purpose: The provision in Section 724 (10 U.S.C. 1092 note) requires the Secretary of Defense and the Secretary of Veterans Affairs jointly to provide Congress with a report, not later than December 31, 2002, on the joint telemedicine and telepharmacy demonstration projects. The report must include a description of each demonstration project and an evaluation of the feasibility and practicability of using telecommunication to provide health care and pharmacy services.

Reason the Report Should Be Repealed: This report is obsolete and redundant. DoD already provides Congress the same information through updates on Information Management and Information Technology activities in the annual report on medical informatics activities.

Report Title: **Mentor-Protege Program Improvements**

Report Purpose: The provision in Section 811 (10 U.S.C. 2302 note) requires the Secretary of Defense to provide Congress with an annual report on the Mentor-Protege Program for that fiscal year.

Reason the Report Should be Repealed: The report is redundant and overly burdensome. DoD estimates that it expends approximately one-tenth of one contractor's full-time equivalent (FTE) position to produce the report, and an additional one-twentieth of a government FTE to supervise production of the report. The printing cost for the report is approximately \$8,000 per year. Instead of compiling this burdensome, expensive report, DoD would prefer to provide Congress with information in response to specific requests.

Report Title: **U.S. Military Activities in Colombia**

Report Purpose: The provision in Section 1025 (10 U.S.C. 113 note) requires the Secretary of Defense to provide Congress with a report, by January 1 of each year, on the use of U.S. armed forces in Colombia during the preceding year; the status of forces currently in Colombia; the cost of these missions; and the force-protection risks associated with these deployments.

Reason the Report Should be Repealed: This report is redundant and overly burdensome. The State Department currently provides Congress with a bi-monthly report containing the same information. Additionally, DoD estimates that it expends approximately 460 workdays each

year to provide the report.

Report Title: NATO Defense Capabilities Initiative

Report Purpose: The provision in Section 1039 (10 U.S.C. 113 note) requires the Secretary of Defense to provide Congress with a report on the implementation of the Defense Capabilities Initiative by members of NATO.

Reason the Report Should be Repealed: This report is obsolete. The Defense Capabilities Initiative and High-Level Steering Group programs ended on December 31, 2002. DoD submitted the final report to Congress nearly two years ago.

Report Title: Limitation on Military-to-Military Exchanges and Contacts with Chinese People's Liberation Army

Report Purpose: The provision in Section 1201(d) (10 U.S.C. 168 note) requires the Secretary of Defense to provide Congress with written certification, not later than December 31 of each year, on whether DoD conducted any military-to-military exchanges or contacts during that calendar year that created a national security risk due to an inappropriate exposure to certain DoD operations, experiments, or activities.

Reason the Report Should be Repealed: This report is unnecessary. DoD already provides such information in a separate annual report on military-to-military contacts.

Report Title: Military Exchanges Between the U.S. and Chinese People's Liberation Army

Report Purpose: The provision in Section 1201(e) (10 U.S.C. 168 note) requires the Secretary of Defense to provide Congress with a report, not later than March 31 of each year, with an assessment of the current state of military-to-military exchanges and contacts with the Chinese People's Liberation Army.

Reason the Report Should be Repealed: This report is overly burdensome. The costs in time, labor, and administrative expenses exceed its value. DoD would prefer to provide Congress with more timely and relevant information in response to specific requests.

Report Title: Transfers of Military Sensitive Technology to Countries and Entities of Concern

Report Purpose: The provision in Section 1402(b)(2) (22 U.S.C. 2778) requires the Secretary of Defense, in consultation with the Joint Chiefs of Staff and the Director of Central Intelligence, to provide Congress with an assessment of the cumulative impact of licenses granted by the U.S. for exports of technologies and technical information with potential military applications during the preceding 5-calendar year period on the military capabilities of such countries and entities, and countermeasures that may be necessary to overcome the use of such

technologies and technical information.

Reason the Report Should be Repealed: This report is redundant with reports already submitted to Congress by the Department of State, the Department of Commerce, and the Central Intelligence Agency.

1 (s) MILITARY CONSTRUCTION APPROPRIATIONS ACT, 2001.— The Military Construction
2 Appropriations Act, 2001 (Public Law 106-246; 114 Stat. 517 and 518, respectively) is
3 amended—

4 (1) by repealing section 125; and

5 (2) in section 127, by striking all that follows after “including flag and general
6 officer quarters” and inserting a period.

Section-by-Section Analysis

Report Title: **Exercising of General Military Construction Authority for Military Family Housing**

Report Purpose: The provision in Section 125 requires the Secretaries of the military departments to provide Congress with a report of any solicitation for a private-sector contract for the acquisition or construction of military and unaccompanied family housing units on or near military installations within the United States and its territories and possessions. The report is due not later than 60 days before DoD issues such a solicitation.

Reason the Report Should be Repealed: This report is unnecessary and provides information of limited utility. DoD would prefer to provide Congress with information in response to specific requests.

Report Title: **Limitation on Use of O&M Funds for Maintenance and Repair of Flag/General Officer Quarters**

Report Purpose: The provision in Section 127 (10 U.S.C. 2821 note) requires the Under Secretary of Defense (Comptroller) to notify Congress when he intends to spend more than \$25,000 per unit annually for the maintenance and repair of any general or flag officer quarters. The notification is due at least 30 days in advance of any expenditure. This provision further requires the Under Secretary to provide Congress with an annual report on all operations and maintenance expenditures for each individual flag and general officer quarters for the prior fiscal year.

Reason the Report Should be Repealed: This report is redundant. DoD already provides

Congress with this information in its annual budget report.

1 (t) DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, 2001.—Section 8019 of the
2 Department of Defense Appropriations Act, 2001 (Public Law 106-259; 114 Stat. 678;) is
3 amended by striking the last sentence.

Section-by-Section Analysis

Report Title: **Executive Agreements with NATO Members**

Report Purpose: The provision in Section 8019 (10 U.S.C. 2687 note) requires the Secretary of Defense to provide Congress with a report on the endorsement of any executive agreements with a NATO member that would establish a separate account into which DoD would deposit residual value amounts negotiated in the return of U.S. military installations in NATO member states in lieu of direct monetary transfers to the United States Treasury. The report is due 30 days prior to the conclusion of such an agreement.

Reason the Report Should be Repealed: The report is unnecessary. DoD already works closely with the Office of Management and Budget to ensure that the United States receives appropriate residual value compensation and that such compensation is credited to the appropriate account. DoD would prefer to provide Congress with more relevant information in response to specific requests.

1 (u) FLOYD D. SPENCE NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2001.
2 The Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (Public Law
3 106-398 Appendix; 114 Stat. 1654A-28 and 1654A-247, respectively) is amended—
4 (1) by repealing section 131;
5 (2) in section 1006, by striking subsection (c); and
6 (3) by repealing section 1233.

Section-by-Section Analysis

Report Title: **B-2 Bomber**

Report Purpose: The provision in Section 131 (10 U.S.C. 2282) requires the Secretary of Defense to provide Congress with a report, by March 1st of each year, on the adequacy of the B-2 bomber's full-time mission capability; an assessment of whether the bomber's technical capabilities are adequate to its missions; any ongoing and planned technologies to enhance the

bomber's capability; any additional technologies to enhance the bomber's capability and survivability; and funding requirements.

Reason the Report Should Be Repealed: This report is unnecessary. The B-2 bomber's mission-capable rates have improved markedly since Congress enacted this provision. Congress already has funded most elements of the Rate Improvement Plan. DoD already provides Congress with information concerning specific B-2 technical capabilities and planned technology enhancements in standard budget documentation. DoD expends nearly 700 man-hours to staff, compile, review, and produce the report.

Report Title: **Prompt Payment of Contract Vouchers**

Report Purpose: The provision in Section 1006 (10 U.S.C. 2226) requires the Secretary of Defense to provide Congress with a report on the magnitude of any unpaid contract vouchers if such number exceeds 5 percent of the total number of contract vouchers DoD receives. The report is due no later than 30 days after the end of any month during which DoD has not made payment.

Reason the Report Should be Repealed: The report is unnecessary. Since this reporting requirement was instituted, DoD has never exceeded the 5% threshold.

Report Title: **Communist Chinese Military Companies Operating in the U.S.**

Report Purpose: The provision in Section 1233 requires the Secretary of Defense to provide Congress with classified and unclassified reports, not later than February 1 of each year, with the latest information available on Communist Chinese military companies operating directly or indirectly in the United States or in any of its territories and possessions.

Reason the Report Should be Repealed: This report is unnecessary. The Central Intelligence Agency and the Federal Bureau of Investigation are better situated to provide Congress with more relevant and timely information on this subject.

- 1 (v) NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2002. The National
- 2 Defense Authorization Act for Fiscal Year 2002 (Public Law 107-107; 115 Stat. 1180 and 1204,
- 3 respectively) is amended in section 804, subsection (a), by striking "of each of years 2003
- 4 through 2006" and inserting "2003,".

Section-by-Section Analysis

Report Title: **Maturity of Technology at Initiation of Major Defense Acquisition Programs**

Report Purpose: The provision in Section 804 requires the Secretary of Defense to provide Congress with a report, not later than March 1 of each year, certifying that technology has been demonstrated in a relevant environment or in an operational environment to be considered mature enough to use for product development in systems integration.

Reason the Report Should be Repealed: This report is unnecessary. DoD's policy is to use only mature technology to meet user needs. DoD addresses the importance of technology maturity throughout the current 5000 series regulations on systems acquisition. These regulations require the use of independently verified mature technology, not only for the systems development and demonstration phase but also for the production and deployment phase of the systems acquisition process. Additionally, DoD currently is revising its regulations to streamline and improve the acquisition process and make better use of its resources. These revisions will include key improvements to DoD's processes for assessing and validating technology maturity.

Section-by-Section Analysis

Report Title: **Humanitarian and Civic Assistance Provided in Conjunction With Military Operations**

Report Purpose: The provision in Section 8009 (10 U.S.C. 401 note) requires the Secretary of Defense to provide Congress with a report, as of September 30 of each year, on funds obligated for humanitarian and civic assistance costs incidental to authorized military operations.

Reason the Report Should be Repealed: This report is redundant. DoD already provides Congress with the same information through a separate report set forth at 10 U.S.C. 401(d).

1 (x) SENATE EXECUTIVE RESOLUTION 75 (105th Congress, 1st Session, Agreed to by the
2 Senate on April 24, 1997). Section 2, Condition 11, paragraph (F), of Senate Executive
3 Resolution 75, a provision of the Senate's advice and consent to the ratification of the Chemical

1 Weapons Convention (Treaty Doc. 103-21), is repealed.

Section-by-Section Analysis

Report Title: **Chemical and Biological Weapons Defense Activities**

Report Purpose: This provision requires the President to provide Congress with a report, on January 1 of each year, on previous, current, and planned chemical and biological weapons defense activities.

Reason the Report Should be Repealed: This report is redundant and overly burdensome. The National Defense Authorization Act for Fiscal Year 1994, Public Law 103-160 (50 U.S.C. 1523, Section 1703) already requires the Secretary of Defense to submit an annual report to Congress on chemical and biological defense. The report assesses the overall readiness of the Armed Forces to fight in a chemical-biological warfare environment and describes DoD's steps to improve such readiness. It also describes the requirements for chemical and biological warfare defense programs, including requirements for training, detection, and protective equipment, for medical prophylaxis and for treatment of casualties resulting from use of chemical and biological weapons. The Secretary of Defense also forwards to Congress an annual Report on Activities and Programs for Countering the Proliferation and NBC Terrorism (required under the National Defense Authorization Act for Fiscal Year 1995 [P.L. 103-337, Sec 1503, 108 Stat. 2916 (1994)] on the findings of the Counterproliferation Program Review Committee (established under the National Defense Authorization Act for Fiscal Year 1994 (as amended) [P.L. 103-160, Sec 1605, 107 Stat. 1845 (1993), as amended by P.L. 103-337, Sec 1502, 108 Stat. 2914 (1994)]. Finally, the present report is overly burdensome because it costs approximately \$22,000 annually in contractor fees to produce. Congress already receives a substantial amount of useful and meaningful data annually from DoD on its chemical and biological weapons defense activities.

7 requested agency records under section 552 of title 5, United States Code, alleges that
8 NSA has withheld records improperly because of failure to comply with any provision of

3 improperly withheld because of improper exemption of operational files,

6 that exempted operational files likely to contain responsive records
7 currently perform the functions set forth in paragraph (2).

8 "(II) The court may not order NSA to review the content of
9 any exempted operational file or files in order to make the
10 demonstration required under subclause (I), unless the complainant
11 disputes NSA's showing with a sworn written submission based on
12 personal knowledge or otherwise admissible evidence.

21 records and make such records, or portions thereof, available in
22 accordance with the provisions of section 552 of title 5, United States
23 Code, and such order shall be the exclusive remedy for failure to comply

1 with this subsection.

3 this paragraph NSA agrees to search the appropriate exempted operational
4 file or files for the requested records, the court shall dismiss the claim
5 based upon such complaint.

7 pursuant to clauses (i) and (iv) shall be coordinated with the Director of
8 Central Intelligence prior to submission to the court.

10 every 10 years, the Director of NSA and the Director of Central Intelligence shall review the
11 exemptions in force under subsection (a)(1) to determine whether such exemptions may be
12 removed from the category of exempted files or any portion thereof. The Director of Central
13 Intelligence must approve any determination to remove such exemptions.

14 "(2) The review required by paragraph (1) shall include consideration of the
15 historical value or other public interest in the subject matter of the particular category of
16 files or portions thereof and the potential for declassifying a significant part of the
17 information contained therein.

18 "(3) A complainant that alleges that NSA has improperly withheld records
19 because of failure to comply with this subsection may seek judicial review in the district
20 court of the United States of the district in which any of the parties reside, or in the
