(b) LIMITATION.—The total amount obligated in fiscal year 2021 under all contracts
entered into under subsection (a) shall not exceed $493,000,000.

(c) PRELIMINARY FINDINGS.—Before entering into a contract under subsection (a), the
Secretary shall make each of the following findings with respect to such contract:

(1) The use of such a contract will result in significant savings of the total
anticipated costs of carrying out the program through annual contract.

(2) The minimum need for the property to be procured is expected to remain
substantially unchanged during the contemplated contract period in terms of production
rate, procurement rate, and total quantities.

(3) There is a reasonable expectation that, throughout the contemplated contract
period, the Secretary will request funding for the contract at the level required to avoid
contract cancellation.

writing, that each of the following conditions is satisfied:

(1) A sufficient number of end items of the system being acquired under such
contract have been delivered at or within the most recently available estimates of the
program acquisition unit cost or procurement unit cost for such system to determine that
the estimates of the unit costs are realistic.

(2) During the fiscal year in which such contract is to be awarded, sufficient funds
will be available to perform the contract in such fiscal year, and the future-years defense
program submitted to Congress under section 221 of title 10, United States Code, for that
fiscal year will include the funding required to execute the program without cancellation.

(3) The contract is a fixed-price type contract.

(4) The proposed contract provides for production at not less than minimum
economic rates given the existing tooling and facilities.

(5) The Secretary has determined that each of the conditions described in
paragraphs (1) through (6) of subsection (c) will be met by such contract and has
provided the basis for such determination to the congressional defense committees.

(6) The determination under paragraph (5) was made after the completion of a
cost analysis performed by the Director of Cost Assessment and Program Evaluation for
the purpose of section 2334(f)(2) of title 10, United States Code, and the analysis
supports that determination.

(e) EXCEPTION.—Notwithstanding subsection (d), the Secretary of Defense may enter
into a contract under subsection (a) on or after December 1, 2020, if—
(1) the Director of Cost Assessment and Program Evaluation has not completed a
